**Internet Password Logbook** Booksy Publishing,2019-11-10 Keep all your online login details safe and secure with this username and password book All your login passwords and usernames and lots more can be kept away from prying eyes with this internet password log book allowing you to be confident that no one else has access to your accounts When you think about it we regularly login to our favorite sites where passwords and usernames are required but we also use the internet to access things like our store accounts bank accounts and social media accounts and so on That s a lot of information to remember so a written record like this username and password keeper is very often the best way to do so Most website and password books only allow you to record the sparsest details like the website s URL and your username and password but this one lets you record additional information such as When you opened an account or

subscribed to an account on a website Whether it was free to subscribe or if you had to pay If you had to pay how much it was and how you paid for it If you unsubscribed the date you did so Any ID or PIN that you had to create The email address that you used to subscribe to the site many people have more than one email account and it can be frustrating if you can't remember which one you used see below for more details about email accounts Sometimes you have to create a security question and answer this website password book gives you space to record those as well And if that's not enough there is also a space to make notes within the password username section People still love the feel of a physical book even in this digital age and this book goes the extra mile to give you value for money Each page is alphabetically ordered There are 150 pages in total allowing you to record login details for 284 websites At the rear of the book there are sections in which you can record details of all your email accounts personal and work etc together with a space to add notes Also at the back of the book is a stand alone Notes section in which you can record anything you like for instance your house alarm number your phone PIN credit debit card information home network information Wi Fi password and network ID software license registration numbers the list goes on it's up to you how you use this space The book itself is a flexible paperback measuring 6 wide x 9 high and the cover is a matte finish Even with all that it has going for it and all the features and benefits within it this book is still very competitively priced and we at Booksy Publishing believe it is the best password organizer for your needs And of course should you buy the book and not be satisfied with it you are covered by Amazon's returns policy Get your copy now
