Fire and Rain Carolyn Woods Eisenberg, 2023 Offering a fresh perspective on the American war in Southeast Asia and superpower diplomacy during the Nixon Kissinger years this gripping work drawing on thousands of declassified documents and tapes to provide a startling account of the impact of high level decisions in Washington on people in Vietnam Laos Cambodia and the United States

The Wicked Storm David Sinclair Arnold, 2025-09-17 Dr Elias Thorne is both a man of science and a man deeply haunted by his family's long standing history of severe trauma At a young age his grandmother tells him hushed stories about the Pritchard family Elias' mastery of the field of genetics becomes a path to great professional success But it also serves as a mirror of history and as a scalpel for vengeance Detective Maya Cortez takes a heart wrenching journey with Elias as he goes about executing his plan of vengeance Elias' actions blur the lines between retribution pathology and justice You be the judge Disclaimer statement This is a work of fiction Names characters businesses places and events are the product of the author's imagination or are used fictitiously Any resemblance to actual persons living or dead or actual events is purely coincidental

The Essential Robert Duncan Milne Robert Duncan Milne, 2025-01-23 This collection showcases the speculative writing of Scottish born and California based writer Robert Duncan Milne 1844-99 whose works mark him as one of the forgotten pioneers of early science fiction Hailed as the first full time science fiction writer in America this critical edition draws together the most expansive collection of his writing ever published and places his life works and themes into their historical literary and scientific contexts With his writing touching on nearly every subset of the genre including climate catastrophe utopia cryogenics molecular re engineering of the body personality transfer drone warfare remote surveillance and satellite phones this book offers an overdue correction to the science fiction canon Grouped thematically and with volume and story introductions that connect Milne's work to his peers and science fiction scholarship this is the essential guide to a crucially overlooked writer Astonishingly prescient and fulfilling the missing link in science fiction literary history that bridges the gap between the likes of Jules Verne and H G Wells Milne makes clear the often obscured contribution of both Scotland and California in the development of the science fiction genre
