Contemporary Ireland:

Contemporary Ireland Eoin O'Malley, 2017-08-24 In the last quarter century Ireland has experienced dramatic political and economic change This broad ranging text provides an accessible and up to date introduction to Irish society politics and culture as well as developments in its economy and place in Europe and the world **Changes in Contemporary Ireland**

Catherine Rees, 2014-09-26 This volume explores the cultural literary theatrical and political changes in Irish society from 1980 The so called Celtic Tiger brought about cultural and economic rejuvenation in Ireland but this new found confidence and prosperity was destabilised by other events such as the scandals in the Catholic Church bringing into question the role of traditional institutions in contemporary Irish life The ending of the Troubles and signing of the Good Friday Agreement similarly heralded a new era in terms of positive political change but recent paramilitary activity threatens to undermine the progress made in the 1990s as waves of new violence hit the North Equally recent economic recession has halted the radical growth seen in the Republic over recent decades This book therefore problematises the concept of change and progress by juxtaposing these events and asking what real changes can be traced in modern Ireland The contributors frequently reflect on the changes and upheavals this period of dramatic economic political and cultural change has prompted The volume includes contributions from the fields of politics cultural studies sport history geography media and film studies and theatre and literature As such it is a decidedly interdisciplinary study exploring wide ranging topics and issues relevant to contemporary Irish Studies **Contemporary Ireland**

Cox, Carmen Kuhling, 2010-10-12 Until recently Irish religion has been seen as defined by Catholic power in the South and sectarianism in the North. In recent years however both have been shaken by widespread changes in religious practice and belief: the rise of new religious movements, the revival of magical devotionalism, the arrival of migrant religion and the spread of New Age and alternative spirituality. This book is the first to bring together researchers exploring all these areas in a wide ranging overview of new religion in Ireland. Chapters explore the role of feminism, Ireland as global Celtic homeland, the growth of Islam, understanding the New Age, evangelicals in the Republic, alternative healing, Irish interest in Buddhism, channelled teachings and religious visions. This book will be an indispensable handbook for professionals in many fields seeking to understand Ireland's increasingly diverse and multicultural religious landscape, as well as for students of religion, sociology, psychology, anthropology and Irish Studies. Giving an overview of the shape of new religion in Ireland today and models of the best work in the field, it is likely to remain a standard text for many years to come.
