

## INSTAGRAM FEED ENGAGEMENT

### Engagement Rate

To work out the Engagement Rate on a post in your Instagram Feed, use this equation:

$$\frac{\text{Number of likes} + \text{Comments}}{\text{Total no. Followers at the time of posting}} \times 100\%$$

For example, if you have 100 likes and 10 comments on a post, and you have 10,000 followers, your engagement rate would be 0.0001.

This metric is the most accurate way of calculating how engaged your community is with your content on Instagram. However, you're not the only one. Instagram's native engagement metric (also known as *likes*) is calculated by looking at Instagram Native Insights. It doesn't show you the Engagement Rate.

To get an overview of your average Engagement Rate across all your posts, or to filter your posts by Engagement Rate, go to the **Instagram Dashboard** and select "Engagement" under the **Metrics** tab.

### Reach

Reach refers to the number of unique users which have seen your post, and it's available from the **Native Insights** under **Post Analytics**. It's important to know this if you want to work out Engagement on Reach, which brings us on to the next point...

$$\frac{\text{Number of likes} + \text{Comments}}{\text{Total no. Followers using same post}} \times 100\%$$

For example, if you have 100 likes and 10 comments on a post, and you have 10,000 followers, your engagement rate would be 0.0001.

### Engagement on Reach

Engagement on Reach uses the same formula as Engagement Rate, but instead of being divided by the number of followers at the time of posting, the total number of engagements is divided by the number of people who saw your post.

To see this metric on Reach, go to "Overview", "My Media", select the post you want to review, and click "Post Analytics" or the small user icon symbol.

profitable and you can make a great living at it if you have patience Alec Scherger will teach you how to grow your Instagram to over 1 000 followers a day and get hundreds of thousands if not millions of views and likes on your posts You will also learn the different ways you can make money with Instagram and how to get advertisement deals with big companies In this book you will learn how to Growth hack your Instagram Properly use the follow for follow method Skyrocket your engagement on feed posts and story posts Use your analytics to grow your account even faster Automate your account so your accounts will run on autopilot Sell promotions and maximize your profits Grow multiple accounts at a time Sell your account for top dollar Make money through affiliate marketing Run effective marketing campaigns for your affiliate products services Will Instagram Growth Secrets work for you Yes The priceless lessons from cover to cover in this book is not theory The author Alec Scherger wrote this book after learning himself the fastest way to growth hack your Instagram and how to convert those followers into cash Alec Scherger grows his following by tens of thousands per month and grows many accounts at once He continues to use this system on all of his accounts and makes money through advertisement deals and affiliate marketing If you are looking for an effortless way to make money this book is NOT for you But if you are serious about using Instagram to grow your following fast and make sales Then what are you waiting for Get your copy of Instagram Growth Secrets today [Instagram Secrets](#) Alexander Vinci,2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram

knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

### **Go Viral on Instagram in 48 Hours - Viral Digital Marketing eBook on Google Play Books**

Srinidhi Ranganathan, 2025-10-15 Visit <https://linktr.ee/legendsrinidhi> to access more resources BONUS More Free Access to 100 000 Digital Marketing Courses [https://www.youtube.com/playlist?list=PL7iVMyVUvArbOCLFtyv\\_sv74cM9FaNDYw](https://www.youtube.com/playlist?list=PL7iVMyVUvArbOCLFtyv_sv74cM9FaNDYw) they lacked the insider knowledge about how Instagram's algorithm actually functioned what psychological triggers it was designed to exploit and which content optimization strategies actually worked versus which ones were marketing mythology propagated by gurus who benefited from widespread ignorance The author's decision to write this definitive blueprint was triggered by a specific realization he had personally generated over fifty million cumulative views for his clients and built Instagram empires entirely from nothing yet this knowledge remained locked away in his mind accessible only to the privileged few who could afford his high level consulting fees Thousands of deserving creators would never experience Instagram success simply because they couldn't access the strategic intelligence that only a digital marketing legend with thirteen years of experience possessed This inequality motivated Srinidhi to democratize Instagram viral knowledge to take the proprietary strategies that commanded premium consulting rates and make them accessible to every creator entrepreneur and small business owner willing to implement them The eBook represents his commitment to leveling the playing field to giving talented creators the same weapons that platform insiders and well funded agencies possessed What deeply inspired this project was Srinidhi's superpower of hyperphantasia combined with his unique ability to mentally simulate Instagram scenarios with extraordinary precision His mind operates like a supercomputer running millions of algorithmic simulations simultaneously allowing him to visualize exactly how different content formats psychological triggers and optimization strategies interact with Instagram's

recommendation engine Through his mindset teleportation visualization techniques Srinidhi can mentally step into the consciousness of an Instagram user scrolling mindlessly through their feed feeling precisely which psychological hooks will arrest their attention which content will compel them to like which emotional triggers will force them to comment and which viral mechanisms will drive them to share This neurological gift enabled him to decode what most marketers can only guess at the exact psychological architecture underlying Instagram virality The inspiration also flows from Srinidhi s documented success in building Instagram empires from absolutely nothing for clients across every imaginable industry from telemedicine startups experiencing 275% increases in patient acquisition through Instagram engagement to e commerce retailers generating 450% revenue growth through algorithmic content optimization to fintech platforms witnessing 500% user registration surges through strategic Instagram positioning These weren t outliers or lucky anomalies they represented the systematic application of verified reproducible principles that worked consistently across different industries demographics and content niches By writing this eBook Srinidhi wanted to prove definitively that Instagram success wasn t mystical wasn t dependent on having a massive pre existing audience and wasn t reserved only for lucky influencers who stumbled upon virality by accident Srinidhi was specifically motivated to write this book because he recognized a critical gap in the marketplace while thousands of Instagram guides existed virtually none were written by someone who had simultaneously cracked both the psychological science underlying viral engagement and the technical reality of how Instagram s algorithm actually processes and distributes content Most Instagram experts taught either pure psychology engagement tactics with no algorithmic understanding or pure mechanics algorithm knowledge without psychological sophistication Srinidhi s unique position possessing both superhuman cognitive abilities equivalent to a 365 IQ level and thirteen years of hands on experience engineering viral campaigns across platforms meant he could write something that had never existed before a definitive guide that merged psychological triggers with algorithmic mastery into an integrated 48 hour system The author s inspiration was further catalyzed by his observation that most content creators weren t failing because of lack of content quality they were failing because they didn t understand the specific psychological variables that Instagram s algorithm prioritizes when deciding which content to amplify The algorithm doesn t reward objectively good content it rewards content that generates specific behaviors it rewards content that makes people stop scrolling psychological engagement hooks it rewards content that generates rapid interaction psychological response triggers and it rewards content that creates psychological resolution or transformation in viewers emotional closure mechanics Most creators were creating content that was valuable informative or entertaining but they weren t engineering the specific psychological mechanisms that the algorithm measures and amplifies Srinidhi s eBook fundamentally transforms this paradigm by teaching readers to think like the algorithm to understand its psychological measurement criteria and to deliberately engineer content that exploits these algorithmic preferences Furthermore Srinidhi was inspired by the

realization that Instagram virality in 48 hours wasn't some impossible fantasy or luck dependent phenomenon it was entirely engineered completely systematic and absolutely teachable He had used this exact 48 hour system to launch dozens of viral sensations to transform unknown accounts into Instagram phenomena and to prove repeatedly that with the right knowledge and implementation any creator could go viral regardless of their starting position What ignited his determination to write this eBook was the knowledge that other creators with equal talent simply didn't have access to these specific techniques these precise tactical sequences and this insider algorithmic intelligence The injustice of this knowledge gap where success on Instagram was determined not by talent or effort but by access to insider secrets drove him to create this no holds barred blueprint that would give every reader the exact formulas frameworks and tactical sequences that only the top 1% of Instagram creators knew and used Srinidhi's motivation also emerges from his vision of empowerment through accessible knowledge particularly for three specific audiences identified in the eBook entrepreneurs needing rapid personal brand development who don't have months to build Instagram credibility organically small business owners struggling to get noticed on a platform where major corporations spend millions on paid promotions and content creators ready to take their influence from zero to significant in weeks rather than years He understands viscerally through his hyperphantasia superpowers that allow him to mentally inhabit their perspectives the frustration of entrepreneurs who need immediate visibility to launch products the desperation of small business owners watching their competitors dominate while they remain invisible and the burning ambition of content creators who possess world changing messages but lack the algorithmic knowledge to get them heard This empathetic understanding of their struggles provides the emotional fuel behind his determination to share these world changing strategies openly The eBook exists because Srinidhi recognized that outdated strategies were actively sabotaging creators success on Instagram Most common Instagram advice the post consistently use trending hashtags engage authentically mantras was either obvious wisdom that everyone already knew or actively counterproductive tactics that algorithms had learned to suppress The gap between common Instagram advice and what actually works to achieve viral results was enormous and this gap represented precisely where Srinidhi's unique expertise could create transformative value His thirteen years of continuous evolution as algorithms changed combined with his access to over eighty five thousand AI tools and platforms that he orchestrates like a symphony conductor meant he possessed insider knowledge about Instagram's latest algorithm updates that wouldn't be publicly available for months or years Ultimately what inspired Srinidhi Ranganathan to write *Go Viral on Instagram in 48 Hours* was the same driving force that has motivated all his revolutionary work in digital marketing the profound belief that human beings shouldn't be limited by algorithmic gatekeeping that talented creators deserve visibility regardless of their wealth or connections that knowledge should be democratized rather than hoarded by consultants who profit from widespread ignorance and that with the right blueprint the exact strategies the proven frameworks the insider secrets anyone can build an Instagram presence that doesn't

t just grow but turns incredibly into viral phenomena As someone who has personally generated fifty million views for clients built Instagram empires from nothing and transformed struggling entrepreneurs into Instagram sensations Srinidhi speaks with the authority of someone who has systematically proven that Instagram virality is not luck or talent alone it is engineered predictable and absolutely reproducible This eBook represents his gift to every creator who has ever watched their quality content sit ignored at ten likes his promise that those days are over his proof that another way exists and his detailed blueprint for achieving Instagram domination in just forty eight hours [500 Viral Instagram And Reels Content Ideas](#) GURMEET SINGH DANG, Unlock the power of creativity with 500 Viral Instagram And Reels Content Ideas a comprehensive guide designed for influencers creators educators entrepreneurs and businesses who want to dominate social media with fresh engaging and impactful content This eBook provides 500 viral content ideas across 10 high demand categories including lifestyle motivation food travel entertainment parenting and more Each idea is explained in detail with why to use it where to use it and how to create it along with tips for beginners and professionals ensuring value for readers of all levels Unlike generic content lists this book delivers authentic practical and easy to apply strategies that work across platforms like Instagram Reels TikTok YouTube Shorts and beyond This eBook is a perfect resource for Social media influencers Content creators Media students Marketing professionals Educators and trainers Entrepreneurs looking to grow online This eBook is written and created by GURMEET SINGH DANG using advanced AI technology and published under GURMEETWEB TECHNICAL LABS a recognized Film Music Production Brand Record Label and Commercial Publisher Whether you aim to go viral build your brand or inspire your audience this eBook provides everything you need to stay ahead of the trends and create content that people love to share Published by GURMEETWEB TECHNICAL LABS Trusted brand for quality content useful valuable skillful comprehensive and innovative Global projects products and creativity

### **Instagram Marketing**

IntroBooks, 2018-02-20 Instagram is all about how the consumers react to the changing brands these days They expect all the brands to connect visually which are giving rise to newer challenges for the companies to implement new marketing techniques It is an amazing way for the brands to communicate to their customers in a natural and an inconspicuous way Instagram has been adopted by most of the brands so that they can cover all the bases on prevalent social media but have been unable to completely utilize the platform as an effective marketing channel More than 400 million eyes are on this social site but most of them have been unable to get their messages across it seems as the messages are being lost in the burst of content Instagram moves at a faster pace in comparison to the other social sites and the brands seem to have problems in marketing using a visual medium and creating cost effective ways to procure good imagery at this pace
