Contagious Disciple Making:

Contagious Disciple Making David Watson, Paul Watson, 2014-12-23 It is hard to deny that today's world can seem apathetic toward Christians. Some may look down at their iPhones when we mention God, motion for the check when we bring up church, or casually change the subject when we talk about prayer. In a world full of people whose indifference is greater than their desire to know Christ, how can we dream of growing the church? In *Contagious Disciple Making*, David Watson and Paul Watson map out a simple method that has sparked an explosion of homegrown churches in the United States and around the world. A companion to Cityteam's two previous books, *Miraculous Movements* and *The Father Glorified*, *Contagious Disciple Making* details the method used by Cityteam disciple makers. This distinctive process focuses on equipping spiritual leaders in communities where churches are planted. Unlike many evangelism and church growth products that focus on quick results, contagious disciple making takes time to cultivate spiritual leadership, resulting in lasting disciple making movements. Through *Contagious Disciple Making*, readers will come to understand that a strong and equipped leader will continue to grow the church long after church planters move on to the next church. Features include: Engagement tools for use in the field; Practical techniques to equip others to make disciples.

Missional Life in Practice and Theory Christopher L. Flanders, Greg McKinzie, 2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr. Gailyn Van Rhee. Yet his global missiological influence has extended far beyond the boundaries of his denominational heritage. This *Festschrift* in honor of Gailyn Van Rhee contains original missiological contributions from colleagues and former students. Most chapters were presentations at the inaugural Gailyn Van Rhee Sessions in Mission and World Christianity at the 2021 Christian Scholars Conference in Nashville, Tennessee. The volume is organized to parallel the phases of Van Rhee's career: Africa, academic missiology, and Mission Alive, a North American church planting organization. His legacy is one that wonderfully embodies critical theory and robust practice.

No Shortcut to Success Matt Rhodes, 2021-12-28 Avoid Get Rich Quick Missions Strategies and Invest in Effective Long Term Ministry. Trendy new missions strategies are a dime a dozen, promising missionaries monumental results in record time. These strategies report explosive movements of people turning to Christ, but their claims are often dubious, and they do little to ensure the health of believers or churches that remain. How can churches and missionaries address the urgent need to reach unreached people without falling for quick fixes? In *No Shortcut to Success*, author and missionary Matt Rhodes implores Christians to stop chasing silver bullet strategies and short-term missions, and instead embrace theologically robust and historically demonstrated methods of evangelism and discipleship—the same ones used by historic figures such as William Carey and Adoniram Judson. These great missionaries didn't rush evangelism; they spent time studying Scripture, mastering foreign languages, and building long-term relationships. Rhodes explains that modern missionaries' emphasis on minimal training and quick conversions can result in slipshod evangelism that harms the communities they intend to help. He also warns against

underestimating the value of individual skill and effort under the guise of getting out of the Lord's way and empowers Christians with practical biblical steps to proactively engage unreached groups
