

CONTRACTING OFFICER REPRESENTATIVE (COR) DESIGNGUIDE

1. Overview.

a. In short, contracting officer representatives (COR) are qualified individuals appointed by the Contracting officer (KO) to assist in the technical monitoring or administration of a contract. Although CORs can be employed on all types of contracts, they are extremely useful in the more complex services, supply, and/or construction contracts. However, you must keep in mind that the use of CORs does not alleviate the need for a full time contracting professional to monitor contract surveillance and manage the contract management team.

b. COR's should be identified by the requiring activity at the time the procurement package is received by the KO. By using the term "identified," this does not mean just telling us the COR's name, the nomination must include the nominee's qualifications. Actually, it is highly recommended that the COR actually be involved in the acquisition process, i.e., assisting in the development of the technical requirements, the quality assurance plan, and any other pre-award activities. This ensures that the COR is extremely familiar with the requirements of the contract.

c. Not everyone can be a COR. CORs have to be a Government employee (either military or civilian) and they must possess the necessary qualifications (training) and experience commensurate with the responsibilities delegated to them. As far as training, the COR should have successfully completed the formal COR course sponsored by the Army Logistic Management College or an equivalent. A possible equivalent is the new internet-based COR course developed by the Federal Acquisition Institute. This course encourages self-development by CORs and is available at "<http://www.faionline.com>".

d. If you anticipate utilizing a COR on a procurement, then you should include the clause at 252.201-7000, Contracting Officer's Representative, in the solicitation and resultant contract.

2. Selection, Appointment, & Termination.

a. A COR is selected/nominated by the requiring activity and then formally appointed to the contract by the KO. Prior to the formal appointment, the KO has to consider the ability, training, and experience of COR designees and shall assure that designees are appropriately qualified to act as their authorized representatives. All CORs should complete the ALMC training or equivalent (FAI internet-based course) prior to being issued a letter of appointment.

b. Each designation of a COR shall be in writing (by name and position title) and clearly define the scope and limitations of the COR's authority (See paragraph 5 for a sample COR designation letter). Appointment letters, at a minimum, include the following:

- (1) The Name, including rank or grade, and full mailing address of the COR;
- (2) The extent of the COR's authority to act on behalf of the contracting officer;
- (3) The limitations on the COR's authority;

Department of Defense,2018-10-26 Why publish the COR Handbook I began my civil service career in 1977 at the Army Corps of Engineers after a stint in the Air Force and college Eventually I worked my way up to a Senior level position at the Defense Intelligence Agency where I worked until I retired in 2016 I frequently chaired Selection Boards for Architect Engineer A E service contracts and for construction contracts so I always had a copy of the FARs and the DFARS at hand What bothered me about the 3 ring binders that held them was they were so big and bulky Now that I am retired I decided to publish the FARs DFARS AFARS and other book for acquisition professional in separate books that are easy to carry and

simple anyone can quickly find what they re looking for This is one of those books Why buy a book you can download for free We print this book so you don t have to First you gotta find a good clean legible copy and make sure it s the latest version not always easy Some documents found on the web are missing some pages or the image quality is so poor they are difficult to read We look over each document carefully and replace poor quality images by going back to the original source document We proof each document to make sure it s all there including all changes If you find a good copy you could print it using a network printer you share with 100 other people typically its either out of paper or toner If it s just a 10 page document no problem but if it s 250 pages you will need to punch 3 holes in all those pages and put it in a 3 ring binder Takes at least an hour It s much more cost effective to just order the latest version from Amazon com This book includes original commentary which is copyright material Note that government documents are in the public domain We print these large documents as a service so you don t have to The books are compact tightly bound full size 8 1 2 by 11 inches with large text and glossy covers I need glasses to read and I don t like books with small print That s especially true of complex technical subjects like acquisition regulations 4th Watch Publishing Co is a HUBZONE SDVOSB <https://usgovpub.com> *Contracting Officer's Technical Representative (COTR)* ,1991 Deployed COR United States.
