Why Irrational Politics Appeals Mari Fitzduff, 2017-02-13 The 2016 election has inspired millions of U S citizens and struck panic in the hearts of millions more This book explains the allure of Trump examines how Trump's success ties into the hopes and fears of many Americans and calls into question the limitations of our democratic system Across the United States and around the world people are struggling to understand why so many turned to Donald Trump an individual described as rude and insensitive at best and as racist hateful and ignorant at worst as their champion Trump's nomination as the Republican presidential candidate and his subsequent election to president of the United States upended many long held assumptions and beliefs about politics such as the inevitable power of superfund election syndicates and the need for presidential candidates to have governance experience and broad knowledge of domestic and foreign affairs

Why Irrational Politics Appeals Understanding the Allure of Trump takes a serious scientific look at Trump and his politics against the backdrop of modern American society It brings together experts from a variety of psychological and political science fields to answer the mystifying question of why people by the millions would follow a leader who to so many others seems unqualified undiplomatic and in opposition to previously established standards for a national leader Readers will gain an understanding of how little a role rationality plays in political choices particularly but not always among citizens of certain socioeconomic backgrounds and why Trump s apparently divisive attitudes and prejudices his lack of political correctness and his hubris appeal to so many voters The book also raises questions about our democratic processes and our need for more thoughtful political cultures to ensure that citizens are adequately prepared to make important leadership decisions that will affect the future of our nation s economy social norms and global safety

EU Internet Law in the Digital Single Market Tatiana-Eleni Synodinou, Philippe Jouglex, Christiana Markou, Thalia Prastitou-Merdi, 2021-06-25 With the ongoing evolution of the digital society challenging the boundaries of the law new questions are arising and new answers being given even now almost three decades on from the digital revolution Written by a panel of legal specialists and edited by experts on EU Internet law this book provides an overview of the most recent developments affecting the European Internet legal

framework specifically focusing on four current debates Firstly it discusses the changes in online copyright law especially after the enactment of the new directive on the single digital market Secondly it analyzes the increasing significance of artificial intelligence in our daily life The book then addresses emerging issues in EU digital law exploring out of the box approaches in Internet law It also presents the latest cyber criminality law trends offenses international instrument behaviors and discusses the evolution of personal data protection Lastly it evaluates the degree of consumer and corporate protection in the digital environment demonstrating that now more than ever EU Internet law is based on a combination of copyright civil administrative criminal commercial and banking laws

Disinformation Countermeasures and Artificial Intelligence
 Oleksandr Makarenko, Paul Vines, George Cybenko, Ludmilla Huntsman, 2025-12-20 The Disinformation Countermeasures and Artificial Intelligence topic collection in Frontiers in Artificial Intelligence and Frontiers in Big Data journals will address the core problems of Cognitive Security CogSec AI powered disinformation in cognitive warfare machine learning techniques to counter disinformation novel P3 public private partnership models for countering synthetic disinformation and cross disciplinary methods of building cognitive resilience to malign influence operations with the use of AI Artificial intelligence is changing the way we create and evaluate information and this is happening during an infodemic while all governments and their citizens face the important challenge of disinformation affecting politics public health e.g. COVID 19 financial markets and elections Although the impact of disinformation is intrinsically difficult to quantify and prone to overestimation in the popular consciousness specific examples such as lynchings catalyzed by disinformation spread over social media highlight that the threat it poses crosses social scales and boundaries This threat extends into the realm of military combat as early as 2019 a NATO StratCom experiment established that social media exploitation enabled successfully influencing soldiers participating in an exercise to carry out desired behaviors such as leaving their positions not fulfilling duties etc Bay and Biteniece 2019 Thus information has become a global safety issue while disinformation can kill While malign actors weaponized information for years governments have embedded information as a war fighting function The use of AI is essential for scale speed and automation of offensive and defensive online influence operations

Twitter has tens of millions of users and its active tweeters and followers look to it to answer to the question What s happening Businesses both large and small can quickly and easily send out highly targeted messages to key customers using Twitter However simply grasping only the mechanics of Twitter and flogging a message nobody cares about isn t enough to make a measurable difference Worse using Twitter the wrong way can damage a company s brand The Complete Idiot s Guide to Twitter Marketing blends an understanding of Twitter s powerful tools and reach with marketing savvy and the key

to really engaging followers and converting them to customers It also covers new features such as the increasing importance of search engine optimization Twitter Marketing Hollis Thomases,2010-01-12 The complete guide to a successful Twitter marketing campaign Twitter is a microblogging service that s changing the way we communicate Marketers recognize its value and Twitter Marketing An Hour a Day offers marketers advertisers brand managers PR professionals and business owners an in depth guide to designing implementing and measuring the impact of a complete Twitter strategy Expert author Hollis Thomases acquaints you with the Twittersverse its conventions and its fascinating demographics and statistics She then teaches you step by step how to effectively craft successful branding and direct response strategies that can be scaled to any organization and its objectives Twitter Marketing An Hour a Day uses interesting case studies success stories anecdotes and examples to demonstrate how to use Twitter metrics in order to inform strategic direction You ll discover how top companies large and small have leveraged this exciting communications platform Twitter has become a phenomenon with 32 million users including major companies such as Apple JetBlue and CNN This step by step guide explains the demographics shows how companies are using Twitter and explains how to scale the approach to your enterprise The detailed coverage includes the basics for Twitter newcomers and explores all elements of a successful strategy Expert author Hollis Thomases shows how to set goals develop and implement a plan attract followers and measure the impact of a campaign The in depth book explains how to maintain momentum and explores such issues as contests promotions and crisis management Twitter Marketing An Hour a Day is the ultimate guide to succeeding one tweet at a time *Twitter Power 2.0* Joel Comm,2010-03-25 The best guide to using Twitter to market to consumers revised and better than ever Since 2006 forward thinking companies like Apple JetBlue Whole Food and GM have discovered the instant benefits of leveraging social media site Twitter to reach consumers directly build their brand and increase their sales Some companies have whole teams of specialists whose only job is to respond to the tweets of consumers In this revised and updated edition of Twitter Power online marketing guru Joel Comm explores the latest trends in how businesses and marketers can integrate Twitter into their existing marketing strategies to build a loyal following among Twitter members expand awareness of their product or service and even handle negative publicity due to angry or disappointed customers Updated with thirty percent new material including all the latest business applications for Twitter Includes new recent case studies of companies at the forefront of the Twitter movement Helps you develop your own social networking strategy to meet your specific business needs Twitter Power is a must have resource for any business leader who wants to keep up with the social media movement Twitter Guide Gary Adams,2020-03-03 There are several reasons to use hashtags for both personal and business applications On your personal profiles it s helpful to keep family and friends abreast of what s going on in your life and the things in which they are most interested in knowing about While status updates are a means of doing this hashtags are a means to group certain aspects of your life For instance if your family or friends are interested in spreading the word about a particular cause you re

regularly involved in hashtagging your cause will allow them to quickly find the latest news And not only about you but others doing the same Corporations have been responsible for creating some of the most popular hashtags doing so to promote a specific product or service Small companies have followed suit incorporating trending hashtags into their social media presence It s a way not only to join in on a conversational topic but create a new dialogue Some companies use hashtags to keep up with their competitors marketing learning what does generate and doesn t generate interest These meta tags can also be used to talk up a campaign or spread buzz about an upcoming event Of course there are a few drawbacks to using hashtags First and foremost is that you don t own them There are no rules or guidelines When you add the hash symbol before a word it becomes a hashtag and anyone else can grab it and exploit it It becomes troublesome especially in business if it s hijacked and used nefariously For most people the hashtag is used for fun Many trending hashtags like ProudtoBeaFanOf are simply used to share an opinion Others help organize news stories around major events And sometimes they re just made up on the fly to make a Tweet sound funnier The interpretation and usage are always up to you like most Twitter lingo but the most basic function of a hashtag is to create a single organized feed of Tweets around each one
