Preparing for the IJCAHPO Certified Ophthalmic Technician (COT) International Joint Commission on Allied Health Personnel in Ophthalmology, 2020 The principal purpose of this study guide is to assist you in preparing to take the Certified Ophthalmic Technician COT examination. This guide will help build on what you have already learned and aid you in identifying where you need to focus your study time, identify areas where you feel less confident and help you study more effectively. While this study guide cannot give you the questions and answers for the examination, it does provide you with the knowledge and content areas for the examination, describes study methods that have worked for other COTs, and offers you a self-assessment of sample items and a practice examination so you will have a better idea of what to expect when you take the actual examination. Also included are the Quick Study Cards to help you prepare for IJCAHPO's certification examinations. These flashcards assist in preparation for the COT exam. Eye Technician Study Notes Diane Farmer, 2013-02-17 A compilation of tidbits and factoids to assist in preparation for JCAHPO testing at COA COT and COMT levels I ve had at least a dozen people in the last couple months ask for copies of my self compiled notes I used for studying for and passing the JCAHPO COA COT and COMT tests Typically when someone asks I gladly and dutifully run out to Kinko s copy and print the files and sometimes have them spiral bound for ease of use as well and then am reimbursed for the cost I ve finally decided to streamline the process and get out of the middle of it AND produce a nicer looking product and save gas money and time in front of the printer lol The factoids are compiled from a multitude of resources through the years and started geared towards the COA It was then added to and grown as I studied for the COT and COMT exams I ve found that different resources sometimes

contradict one another so occasionally you'll find some contradictions in the notes as well
