Cotillion Manual

Gretchen Adel Schneider

Cotillion Manual:

Teacher's Manual Of Ballroom Dancing Norman Dorothy, 2013-01-10 This early work by dance instructor Dorothy Norman Cropper is both expensive and hard to find in its first edition. It details the fundamentals of ballroom dancing and body mechanics but also outlines other aspects of the art such as etiquette and organising classes. This fascinating work is thoroughly recommended for anyone interested in the techniques of ballroom dancing and its various styles. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.

From the Ballroom to Hell Elizabeth Aldrich, 1991 During the 1800s, dance and etiquette manuals provided ordinary men and women with the keys to becoming gentlemen and ladies and thus advancing in society. Why dance? To the insecure and status-oriented upper middle class, the ballroom embodied the perfect setting in which to demonstrate one's fitness for membership in genteel society. *From the Ballroom to Hell* collects over 100 little-known excerpts from dance, etiquette, beauty, and fashion manuals from the nineteenth century. Included are instructions for performing various dances as well as musical scores, costume patterns, and the proper way to hold one's posture, fork, gloves, and fan. While of particular interest to dancers, dance historians, and choreographers, anyone fascinated by the ways and mores of the period will find *From the Ballroom to Hell* an endearing and informative glimpse of America's past.

The ball-room guide, a handy manual Ball-room guide, 1874

Adversaries of Dance Ann Louise Wagner, 1997 Whether in the private parlor, public hall, commercial dance palace, or sleazy dive, dance has long been opposed by those who viewed it as immoral, more precisely as being a danger to the purity of those who practiced it, particularly women. In *Adversaries of Dance*, Ann Wagner presents a major study of opposition to dance over a period of four centuries in what is now the United States. Wagner bases her work on the thesis that the tradition of opposition to dance derived from white male Protestant clergy and evangelists who argued from a narrow and selective interpretation of biblical passages and that the opposition thrived when denominational dogma held greater power over people's lives and when women's social roles were strictly limited. Central to Wagner's work, which will be welcomed by scholars of both religion and dance, are issues of gender, race, and socioeconomic status.
