**John Blockley - A Retrospective** Ann Blockley,2018-10-26 John Blockley was one of

Britain s most outstanding watercolour and pastel painters of the late 20th century and has exhibited at the Royal Academy

Self taught he produced work that has always been experimental and progressive His highly textured style was well ahead of

his time and still hugely influential now The quality of his work is even more staggering given that he never trained at any art

college and spent most of his working life as an engineer He only started painting full time at the age of 52 His obsession for

drawing and painting even while a successful engineer was driven by his search for the essence of his subjects The power of

his paintings reveal that passion This beautiful retrospective of his work including drawings watercolours pastels and also

acrylics brings together the best of his work The illuminating commentary on his work is from his daughter Ann Blockley who

is also an acclaimed painter in her own right She understands completely where John Blockley was coming from in his artistic

vision and also explains the techniques he used Breaking with so many traditions in watercolour painting in the 1960s John

was and is an influential figure in the art world John said In order to paint the terrain as I see it blotched mottled grainy I

must experiment These experimentations are still of huge value to painters today This book is perfect for any painter who

enjoys John s work but also for all the many many fans of his work

own unique if relatively recent history but it can only be judged in the light of the wider history of the subject and by

comparison with other particularly European countries The first chapter of A History and Dictionary of British Flower

Painters therefore sets the scene with a brief introduction to floral art world wide before the next four chapters concentrate

on British flower painting in the seventeenth eighteenth nineteenth and twentieth centuries The dictionary provides the

biographical details of almost 1 000 British flower painters offering information regarding their specialities awards and
