Intermediate Accounting A. N. Mosich, 1989 **Intermediate Accounting** Jay M. Smith, 1990 Handbook of Research on Digital Learning Montebello, Matthew, 2019-10-11 Education has gone through numerous radical changes as the digital era has transformed the way we as humans communicate, inform ourselves, purchase goods and perform other mundane chores at home and at work. New and emerging pedagogies have enabled rapid advancements perhaps too rapidly. It's a challenge for instructors and researchers alike to remain up to date with educational developments and unlock the full potential that technology could have on this significant profession. The Handbook of Research on Digital Learning is an essential reference source that explores the different challenges and opportunities that the new and transformative pedagogies have enabled. The challenges will be portrayed through a number of case studies where learners have struggled, managed and adapted digital technologies in their effort to progress educational goals. Opportunities are revealed and displayed in the form of new methodologies, institutions, scenarios and ongoing research that seeks to optimize the use of such a medium to assist the digital learner in the future of networked education. Featuring research on topics such as mobile learning, self-directed learning and cultural considerations, this book is ideally designed for teachers, principals, higher education faculty, deans, curriculum developers, instructional designers, educational software developers, IT specialists, students, researchers and academicians

ICEL2012- 7th International Conference on E-Learning Paul Lam, 2011 Handbook of Research on Enhancing Innovation in Higher Education Institutions Babić, Verica, Nedelko, Zlatko, 2020-03-27 Innovation in higher education is a process of institutional adaptation to changes in the environment that enables higher education institutions to improve their existing practice and to be innovative at different levels and in different forms. Moreover, innovativeness is also related to internal characteristics of higher education institutions. Innovation in higher education can be observed as a result of the changing contexts in which higher education institutions function. Adjacently, a comprehensive approach to considering innovativeness is needed in order to enable the examination of different elements of innovativeness in higher education that is to identify the key factors that stimulate innovations and affect their interactions with other

relevant stakeholders at the national level and beyond The Handbook of Research on Enhancing Innovation in Higher Education Institutions is a critical scholarly book that examines innovativeness in higher education and its complications and diversity Starting from the view that higher education is currently confronted by global forces that require new research ideas the publication suggests that comprehensive understanding of innovativeness is imperative for higher education s institutions in the 21st century Analyzing the recognized trends within the publication and concluding which aspects should be taken to improve innovativeness in higher education this reference book outlines quality and innovation in teaching innovative university business cooperation institutional framework and governance of higher education institutions knowledge management and leadership and organizational culture It is ideal for curriculum designers administrators researchers policymakers academicians professionals and students United States Armed Forces Institute Catalog ,1955
