

## **Topic 4 Study Guide**

This topic study guide is a tool designed to prepare students for the Topic 4 Quiz. Complete this study guide as directed by your instructor.

When completing this study guide, answers should be in your own words or quoted with quotation marks and be drawn from one of the course readings (textbook and overview referenced below), or other sources listed in the syllabus. Outside sources, including internet sites, are not acceptable. When quoting and paraphrasing, include all authors' last names for citations that have multiple authors. For quoted citations, be sure to include the page or paragraph number(s).

The quiz will be graded for accuracy, so take time to seek the correct answers for this topic study guide before you attempt the quiz. The quiz will be administered in class.

Please type your answers below each question.

1. According to the textbook, what does "redemption" mean?

The purchase of something or someone out of bondage by a greater party; the action of Jesus redeeming or buying people back from the bondage of sin by paying the penalty for sin through his death and resurrection in order to set them free from sin for their relationship with him

2. Read **Philippians 2:5-8** and briefly describe the direction Jesus's life took.

*In your relationships with one another, have the same mindset as Christ Jesus:*

- \* Who, being in very nature of God,  
did not consider equality with God something to be used to his own advantage;  
\* rather, he made himself nothing  
by taking the very nature of a servant,  
being made in human likeness.*
- \* And being found in appearance as a man,  
he humbled himself  
by becoming obedient to death—  
even death on a cross!*

**The Final Exodus: Deciphering the Book of Revelation** Christine Paxson, Rose Spiller, 2022-09-01 What is it about the Book of Revelation Some treat it like a futuristic comic book Some consider it is too complex to try to understand Some worry about getting the interpretation wrong or worse on getting it right Some read it trying to break the code as if John wrote the book in a secret code expecting Christians to try and crack it And then there are those who are terrified of the book and the images so they just avoid it altogether For them ignorance is bliss The Final Exodus is a theologically sound scriptural approach to the Book of Revelation Authors and podcasters Christine Paxson and Rose Spiller examine questions such as Where have we seen this before Is this passage meant to be taken literally symbolically or metaphorically Has this passage already been interpreted somewhere else in Scripture Does our conclusion of the passage line up with everything else in the Bible Is this passage telling us something new or is it a picture of something already seen in the Old Testament or in other parts of the New Testament Using the same careful and systematic exegesis that should be used for interpreting all books of the Bible The Final Exodus brings clarity and understanding to a book that is often misinterpreted in chaotic and irresponsible ways

*Study Guide and Workbook to Accompany Zimbardo and Weber's Psychology, Second Edition*

Peter C. Gram,Philip G. Zimbardo,1997 Psychology Third Edition builds upon the experience and reputations of Phil Zimbardo and Ann Weber with the addition of a new co author Bob Johnson who has a wealth of teaching experience at the community college level This briefer less expensive book presents psychology in a meaningful manageable format that focuses on the key questions and core concepts of psychology Introductory psychology covers such a wide range of topics

and issues that it becomes difficult for readers to see the forest for the trees To make key psychological concepts more meaningful the authors found inspiration in a classic chess study This study showed that experts did no better than novices at remembering the location of pieces on a chess board when they were placed randomly Only when the patterns represented actual game situations did they make sense and therefore become more easily memorable for the experts Clearly meaningful patterns are easier to remember and understand than random arrangements and Psychology applies this by presenting the field of psychology in meaningful patterns to enhance comprehension These concepts are then applied to readers own lives study skills and the world around them Finally Psychology integrates a cross cultural and multicultural perspective to make psychology meaningful for everyone For anyone interested in Introductory Psychology
