The Living Church ,1956 *Fearless Major Gifts* Charles LaFond,2017-11-17 Every major gift is planned and every planned gift is major so this book is written intentionally blurring those lines with the premise that if you know how to identify evaluate cultivate and finally ask for the gift it does not matter if it is a major gift or is a will inclusion leaving the details of bequests to the donors their lawyers and accountants Clergy and others need help learning how to make the ask before the remaining generous generations of capacity anyone over 60 especially die having given their gifts to the non profits and schools so willing and prepared to ask for them LaFond recounts I remember sitting with a beloved dying parishioner who turned to me in her last three hours and quietly said I wish I had remembered the church in my will I asked why she had not and she said sweetly They never asked and everyone else did and so thoroughly Clergy and lay leaders are terrified of asking for major and planned gifts while parishes need them and donors need to give them Clergy are not taught in seminary how to do this essential work of ministry LaFond in his various roles is filling that educational gap *Inventory of the Church Archives of West Virginia* Historical Records Survey (W. Va.),1941 *Inventory of the Church Archives of West Virginia* Historical Records Survey (U.S.). West Virginia,West Virginia Historical Records Survey,1941 **Continent** ,1910 *Inventory of the County Archives of West Virginia* Historical Records Survey (W. North Indiana Conference,1990 **Church Property Administration** ,1956 The National Advocate ,1903 Prisms of the People Hahrie Han,Elizabeth McKenna,Michelle Oyakawa,2021-07-12 Grassroots organizing and collective action have always been fundamental to American democracy but have been burgeoning since the 2016 election as people struggle to make their voices heard in this moment of societal upheaval Unfortunately much of that action has not had the kind of impact participants might want especially among movements representing the poor and marginalized who often have the most at stake when it comes to rights and equality Yet some instances of collective action have succeeded What s the difference between a movement that wins victories for its constituents and one that fails What are the factors that make collective action powerful *Prisms of the People* addresses those questions and more Using data from six movement organizations including a coalition that organized a 104 day protest in Phoenix in 2010 and another that helped restore voting rights to the formerly incarcerated in Virginia Hahrie Han Elizabeth McKenna and Michelle Oyakawa show that the power of successful movements most often is rooted in their ability to act as prisms of the people turning participation into political power just as prisms transform white light into rainbows Understanding the organizational design choices that shape the people their leaders and their strategies can help us understand how grassroots groups achieve their goals Linking strong scholarship to a deep understanding of the needs and outlook of activists *Prisms of the People* is the perfect book for our moment for understanding what s happening and propelling it forward *The Watchman-examiner*
