Readers Choice Romantasy Saga:

The Series Blueprint Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner by Book Three. *The Series Blueprint* is your long-range guide to building a series that actually works, from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer: planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to design a series with a clear destination before plot drift takes over; choose the right series structure for your genre, audience, and goals; build book-level arcs that serve a bigger long-form story; decide between saga, episodic, or hybrid models with confidence; track character growth, worldbuilding, and continuity without overwhelm; balance creativity with strategy without killing your spark; finish a series feeling proud instead of burned out. Whether you're planning your first series, halfway through a tangled one, or staring at a world that no longer makes sense, *The Series Blueprint* meets you where you are. Because a series isn't just multiple books. It's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.
