Jongbloed,P.A. Maassen,G. Neave,2013-03-14 In order to celebrate the fifteenth anniversary the third lustrum of our Center we at CHEPS decided to collectively write a book on the issue of how higher education institutions deal with the demand for change Institutional change is without any doubt one of the burning issues for researchers in higher education and policy studies in general but even more so for administrators at the institutional level institutional leadership deans and planners of higher education in public life government agencies intermediary organisations international organisations Whereas the lustrumbook we wrote for our second lustrum concentrated on comparative policy studies many of them focusing on comparisons between different national higher education systems this time the object of our analyses is the institution itself
