at the center of an ongoing search for a means to delineate the interactions among religious and political authorities initially in the United States but increasingly in the rest of the world as well This concise volume presents chronologically organized chapters that include selections from documents like colonial charters opinions of the Supreme Court and salient legislation along with contemporary commentary and incisive interpretations of the issues by modern scholars Figures as divergent as John Winthrop John F Kennedy and Sandra Day OConnor speak from these pages as directly as Paul Blanshard Reinhold Niebuhr John Courtney Murray and Robert Bellah Church and State in American History addresses the difficult relationships among the political and religious structures of our society and the emergence of an American solution to the church state problem

Martin Luther: The preservation of the church, 1532-1546- Martin Brecht, 1985 In this definitive study the author accomplishes two important tasks First he contrasts the theological perspectives of earlier biographies with the results of more modern research into Luther s socio economic context psychological relationships late medieval and humanist thought university curricula and political factors Second in keeping with his theory that the historical discipline must make its results accessible to a wider audience unless it wishes to encourage the historical amnesia which it so often laments the author communicates the findings of technical Reformation scholarship to the public in a comprehensible style

Book jacket Homophobia in the Black Church Anthony Stanford, 2013-03-14 This book explains how faith politics and fear contribute to the homophobic mindset within the Black Church and the African American community Homophobia in the Black Church How Faith Politics and Fear Divide the Black Community explores the various reasons for the Black Church s aversion and the general black cultural inflexibility toward homosexuality same sex marriage and acceptance of the LGBT community It connects black cultural resistance toward homosexuality to politics faith and fear follows the trail of faith based funding to the pulpit of black mega churches and spotlights how members of the black clergy have sacrificed black LGBTQ Christians for personal and political advancement The author systematically builds his case linking the reasons blacks are intolerant of deviation from acceptable sexual behavior to the 1960s struggle for racial equality and tying longstanding black sexual mores to present day politics social conservatism and the lure of federal funding to black churches and religious and social organizations He also spotlights specific homophobic black ministers and draws back the curtain on their alliance with White social conservatives and religious and political extremists to reveal an improbable but powerful union
