*The Routledge Handbook of Community Development* Sue Kenny, Brian McGrath, Rhonda Phillips, 2017-10-18 The Routledge Handbook of Community Development explores community development theory and practice across the world. The book provides perspectives about community development as an interactive relevant and sometimes contradictory way to address issues impacting the human condition. It promotes better understanding of the complexities and challenges in identifying, designing, implementing and evaluating community development constructs, applications and interventions. This edited volume discusses how community development is conceptualized as an approach, method or profession. Themes provide the scope of the book with projects, issues or perspectives presented in each of these areas. This handbook provides invaluable contextualized insights on the theory and practice of community development around core themes relevant in society. Each chapter explores and presents an issue, perspectives, project or case in the thematic areas with regional and country context included. It is a must read for students and researchers working in community development, planning and human geography and an essential reference for any professional engaged in community development.

*Popular Culture in Nordic Noir: A Study of Selected Works of Maj Sjowall & Per Wahloo, Henning Mankell and Steig Larsson* Dr. Raunak Singh Rathee, 2023-02-15 This book discusses that the genre of crime fiction is suitable for the presentation of the crises, conflicts and indeterminacies present in the plot of the selected works. This book exposes the darker side of Scandinavian countries, particularly Sweden, as the writers and works selected for the book are based on Swedish society. Though as a matter of fact, Scandinavian countries are considered to be the most egalitarian and progressive welfare societies all over the world. The present book explores how popular culture may prove to be a significant thematic approach to studying Scandinavian crime fiction, also called Nordic Noir. The Swedish authors use popular culture as a tool through which they try to convey their concerns regarding various serious issues like anti-immigration, racism, xenophobia, violence against women, the violence of human rights crimes like the drug trade, human trafficking, etc. By assigning the central place to Sjowall and Wahloo's *Roseanna* (1965), *The Laughing Policeman* (1968), *The Terrorists* (1975), Henning Mankell's *Faceless Killers* (1991), *Sidetracked* (1995), *The Fifth Women* (1996), Steig Larsson's *The Girl with the Dragon Tattoo* (2005), *The Girl who Played with Fire* (2006) and *The Girl who Kicked the Hornets' Nest* (2007), this book enunciates the notion of popular culture and crime fiction genre in the propagation of the socio-critical reflections of life in the welfare state. Hence, this work also analyses the plot, characters and themes in the aforementioned works to locate the elements of popular fiction in Scandinavian crime novels by representing this genre's ubiquitousness in the twenty-first century.

## **Teaching Accelerated and Corequisite Composition**

David Starkey, 2023-11-21 *Teaching Accelerated and Corequisite Composition* is the first book to compile on the ground advice and teaching strategies specifically curated for accelerated and corequisite writing courses. Trailblazers in the field from colleges across the United States who developed a foundation for corequisites by facilitating equity and accessibility for marginalized

students speak to a range of topics and demographics offering support for instructors and practical advice for improving student success The book primarily explores accelerated composition through the lens of two year colleges to answer a central question in the field to what extent do educators need to alter two year college curricular design The contributors also delve into assessment a crucial process for instructors and their students transitioning to accelerated learning the key role that reading plays in the writing process and noncognitive learning an area of study that has been associated with accelerated learning since its inception Together these thirteen chapters provide instructors with a strategic approach to teaching accelerated and corequisite composition Teaching Accelerated and Corequisite Composition points toward a new way of approaching first year composition a method of instruction that fosters the growth and success of writers who were once considered underprepared for college writing and are now achieving unprecedented success

### **Where's the Office?**

Wilford A. Lewis, Heather Hansen O'Neill, 2021-11-05 Inspired leaders strive to be better at every turn They embrace change and look to engage and encourage their people to new levels But what happens when the world around you is uncertain When incessant change is thrust upon you and fear is rampant in your teams What happens when the very place you work is removed Today's leaders have had to reevaluate where and how they do their business That involves a new way of leading Where's the Office Moving Today's Leaders from What IS to What CAN BE provides the new perspective that the office resides within you and that you can lead from wherever you are It provides both the strategy and the tools for your success in this environment It moves you and your teams from acceptance of what is to the evolution and possibility of what can be You'll receive innovative tools like Mind SPACE that when introduced to the FBI opened their minds to the insight that enabled them to proclaim Now we can do long range planning And The Seven Levels of Communication a tool that provides clarity in why there are communication breakdowns but more importantly how to elevate the way you communicate to better lead teams initiatives and yourself

**Nursing Case Management** Elaine Liebman Cohen, Toni G. Cesta, 2001 This valuable resource provides the nurse manager or clinician with an informative guide on how to assess an organization's readiness for nursing case management, prepare a plan to achieve necessary changes, implement the plan and evaluate its success. Like previous editions, the third edition not only describes the historical development of case management but also provides useful case studies from institutions that have successfully implemented a nursing case management model and presents current political, legislative and socioeconomic factors affecting case management in nursing. The remarkable addition of 26 new chapters cover the hottest topics and strategies in case management including multidisciplinary models, parish nursing, ED integrated and population based case management, public policy and certification.

**The Freirean Legacy** Judith J. Slater, Stephen M. Fain, César Augusto Rossatto, 2002 In this collection of voices one hears stories and discussions grounded in the ideas of one of the most influential teachers and thinkers of our time. *The Freirean Legacy* offers the reader an opportunity to consider the work of Paulo Freire in terms of three significant perspectives. Michael Apple, Joe Kincheloe and Ana Maria Arajo Nita Freire are among those who share insights and understandings resulting from firsthand experiences with Freire. The theoretical insights into his work and ideas are brought forth in pieces by Peter McLaren, Judith J. Slater and others. Finally, this book concludes with interpretations of Freire's teachings as applied to praxis by several authors including Stephen M. Fain and Cesar A. Rossatto. This anthology will serve the initiate well in getting to know Paulo Freire while at the same time providing the sophisticated scholar with an opportunity to advance the conversation and continue the dialogue.
