## Viral Tiktok Book Framework:

**The Problem with Being a Person** Talia Pollock, 2025-06-10 Escape the race to happiness build a life of value and resist the pull of self help You ve heard this story outwardly woman was living the dream Inwardly woman was drowning in despair It s what happened next that sets this tale apart Many of us go through life believing that something about us is not normal enough So we devote ourselves to the endless pursuit of self improvement That s what Talia Pollock decided to do In her quest to feel better Talia Pollock got seduced by self help trends that offered fleeting solace but failed to soothe the depths of her inner turmoil Conventional remedies like medication and therapy provided a semblance of relief but didn t ease the angst she felt inside It wasn t until she discovered Existentialist philosophy that she discovered is that what we re told is abnormal is actually entirely human and it s our attempts to cure ourselves of our humanity will eventually drive us mad Echoing the timeless wisdom of philosophers and the timely research of social scientists Pollock offers a modern take on finding the courage to create your own version of satisfaction Pollock s sincere retelling of her own experiences urges readers to question conventional notions of happiness embrace contentment as a lasting source of well being navigate the challenges of a comfortably uncomfortable life Whether you re grappling with existential questions seeking to break free from societal expectations or yearning for a deeper sense of fulfillment The Problem with Being a Person offers a powerful message for prioritizing self acceptance over self improvement

**Online Virality** Valérie Schafer, Fred Pailler, 2024-08-19

The book Online Virality edited by Val rie Schafer and Fred Pailler C2DH University of Luxembourg aims to provide a comprehensive examination of online virality It explores the many ways we can think about this modern phenomenon and analyse the circulation reception and evolution of viral born digital content Virality and content sharing always intertwine material infrastructural visual and discursive elements This involves various platforms stakeholders intermediaries social groups and communities that are constantly re defining themselves Regulation curation and content moderation politics as well as affects and emotions fears humour empathy hatred are also at the core of online virality The publication offers an interdisciplinary overview on online virality by including different types of scientific inputs such as precise case studies various methodological approaches including close and distant reading visual studies discourse analysis etc as well as historical and socio technical analyses The book is organised around three main topics Expressions and Genres Mobilisations and Engagements Circulation and Infrastructures The first part explores the semiotics of virality the diverse and creative forms of expression specific genres the relation to other media and the affective side of virality such as using humour or provocation The second part focuses on the political dimension of memes and viral content and their use in the context of controversy or political and ideological opposition Finally the third part delves into the often understudied but essential side of virality by examining the role of platforms and their curation in short the infrastructural dimension of virality These three parts allow us to question such fundamental notions linked to virality as among others circulation reception economy of

attention instrumentalisation and affect This volume brings together authors from various disciplines including semiotics history information and communication sciences computer science digital humanities media studies In addition the contributors approach the question via case studies that allow for a perspective that is not exclusively US and European centred Some chapters explore virality in Brazil Chile while the book also examines a wide variety of platforms YouTube Twitter Instagram TikTok video game platforms etc *Creativity in PR and Communications* Jon Cope,Stuart Mayell,2025-11-03 Being creative is a key component and necessity in public relations and within creative industries to target business challenges create briefs and to meet targets Creativity in PR and Communications is a textbook for all PR students and anyone taking creative communication courses looking to enhance their understanding of the creative process It explores Fostering a creative mindset Cultivating creativity Creative thinking Creative ideation processes AI as a tool to assist creativity Using creativity to enhance briefs and campaigns With this textbook students are provided with the practical insights theories and models needed to become more creative and use that creativity towards PR and communications related business challenges It also illustrates how students can become more creative practitioners for the workplace through research theory and practical insights Learn how to nurture creative ideas and when to let go of weaker ones with this public relations textbook illustrating the strategic processes of creativity and how to apply them to PR problems This book is full of real world examples from global companies such as Unilever Marmite Marc Jacobs Spotify and Heinz and is supported by a range of key features to illustrate how to implement creative industry practices These key features include a glossary practical insights learning outcomes and exercise questions Online resources include PowerPoint slides for lecturers and additional best and creative practice examples

### ***Pop Music Economics*** Amelia Scott, AI,2025-02-22 Pop Music Economics explores the

financial intricacies of the pop music industry revealing how data analytics streaming and evolving revenue models shape its

dynamics. It examines the shift from traditional record sales to digital consumption, highlighting how artists and labels adapt to survive and thrive. The book argues that financial success in pop music is increasingly data driven, challenging the notion that artistic merit alone determines success. The book uniquely blends quantitative analysis with qualitative interpretation, bridging economics, musicology, and marketing. Readers will discover how copyright laws and royalty structures impact artists and how market research informs branding and marketing campaigns. By analyzing sales data and streaming statistics, the book uncovers trends and predicts potential hits, offering a unique perspective on music's financial drivers. Beginning with core economic concepts, the book progresses through the evolution of music consumption and examines the impact of data analytics. Major sections focus on sales data, streaming statistics, and market research, culminating in a comprehensive model for understanding pop music economics. This approach makes *Pop Music Economics* valuable for students, industry professionals, and music enthusiasts seeking a deeper understanding of the business behind their favorite songs.

*Language, Aging and Society* Lihe Huang, Boyd Davis, 2024-10-24 This book explores how studies of language and aging can be applied to build an aging friendly society, drawing on the socio pragmatic turn in language and aging to examine the perspectives of older adults experiencing aging through a linguistic lens. Research on the phenomenon and mechanisms of language in aging can provide older adults with language training, increase their active aging, and offer improved information communication channels for an aging society, which will bring a series of clinical and social benefits to handle problems in aging and language across the world. This book will be of interest to researchers in linguistics, sociology, gerontology, and related fields.

*Invisible Rulers* Renée DiResta, 2024-06-11 An essential and riveting Jonathan Haidt account of the small communities of propagandists revolutionizing politics, culture, and society. *Invisible Rulers* is about a profound transformation in power and influence that is altering our politics, our local government, and even our relationships with friends and neighbors. Today, small communities of propagandists increasingly shape public opinion and even control our relationship to the truth. Our shared reality has splintered into discrete, bespoke realities driven by algorithms, influencers, and curated content. Very little can bridge the divide, thereby making democratic consensus nearly impossible to achieve. Renée DiResta exposes how these propagandists and their followers undermine the institutions that make society work, from anti-vaccine zealots who flood social media with fringe viewpoints to influencers who use AI-generated images to manipulate our perception of reality. She also provides readers with a new conception of civics that helps us understand and fight back against these new invisible rulers.
