Minding the Achievement Gap One Classroom at a Time Jane E. Pollock,Sharon M. Ford,Margaret M. Black,2012 A
companion to *Improving Student Learning One Teacher at a Time* this book identifies small specific adjustments to planning
teaching and assessment practices that will support more effective learning in every student every day and help close the
achievement gap on a classroom by classroom basis from publisher description *Teacher Perception of Pacing Guide Use
in the Secondary Classroom* Donna Michele Smith Turner,2015 Historically teachers have exercised considerable autonomy
in the day to day learning that occurs in their classrooms Now it is growing increasingly rare for a teacher to experience this
type of professional freedom In response to high stakes testing national and state academic content standards and most
recently the common core standards pacing guides are one of the more recent devices schools are using to implement and
monitor curriculum The purpose of this research project is to investigate teacher opinion toward these pacing guides An
online survey called the Pacing Guide Survey was delivered to secondary regular and special education teachers in core
subject areas of mathematics science social studies and language arts The teachers were asked about whether or not they
use pacing guides their attitude and comfort level in using pacing guides as well as Information concerning the population of

their high school such as demographics enrollment and single or multiple high schools Building level factors such as professional development initiatives methods of curriculum monitoring and pacing guide development and revisions processes teacher factors such as years teaching years using pacing guides confidence in content area and educational background Administrators were also interviewed to form a complete picture of pacing guide development and implementation in the secondary education environment Quantitative data were analyzed using bivariate Spearman s rank order correlation and qualitative data were analyzed using a combination of thematic data analysis and quasi statistical methods Recommendations based on the data collected are Teachers should be provided with the flexibility to address student needs in the classroom Teacher input into pacing guide development implementation and revision process is necessary to ensure that student needs are addressed Team autonomy is key and teacher teams need to be provided with the necessary support structure to provide meaningful learning experiences for their students **From Rigorous Standards**
