1. **Pawns** should fill the second ranks (rows) of each side of your board.

2. **Rooks** are placed in the corners, just like towers on a real castle.

3. Moving one file (column) inward, **Knights** (Horses) go next to the rooks.

4. **Bishops** go between the horses and your royalty, the King and Queen.

5. The **Queen** goes on her own colored square, white on light and black on dark.

6. The **King** goes on the last available square. It should be the opposite of his color.
