McKenna**

Creative Writing Prompts Kids Global Trend:

Current Trends in Global Education: Bridging K-12 and Higher Education for an Interconnected World MARINA FALASCA, KARINA J. BAUM, 2024-10-10 *Current Trends in Global Education Bridging K 12 and Higher Education for an Interconnected World* explores the evolving landscape of global education through insights from esteemed educators and researchers. It defines global education and presents multiple rationales for developing global competence along with a literature review of significant challenges over the past two decades. The anthology showcases innovative K 12 practices, emerging trends, and the transformative role of transnational telecollaboration and artificial intelligence (AI) in fostering global citizenship and cross-cultural communication. It also examines higher education focusing on novel pedagogical tools, hybrid learning communities, and virtual exchange initiatives in ESP/EAP courses, as well as key factors affecting AI adoption in this context. Concluding with future directions, the collection emphasizes the need for collaboration across educational levels to prepare learners to thrive in a globally connected world, making it an essential resource for educators, policymakers, and scholars aiming to bridge K 12 and higher education while reimagining global education. Maria Montessori's Erdkinder Ela Eckert, 2022-10-01 Consistently based on the developmental needs in adolescence, Maria Montessori designed the concept of a Center for Study and Work in the Countryside for students aged 12-18 years, which gives young people the opportunity to learn about the basic structures of production, trade, and services in a manageable, transparent, and at the same time protected setting through Practice Theory-linked experiences. The book presents the basics of Maria Montessori's concept and gives, through reports with practitioners and interviews with Montessori experts, insights into authentic implementations of the Farm school concept and thus into a learning arrangement that allows young people a high degree of responsibility and participation and strengthens their commitment to a sustainable approach to natural resources and a peaceful way of living. The book also addresses schools without a Farm school practice and shows ways of approaching crucial components of this authentic and highly topical concept. **The 9th Annual International Seminar on Trends in Science and Science Education (AISTSSE) 2022**, 2023-10-04 This is the ninth time we are hosting this seminar, and we are proud to inform you that this seminar is an annual event in our calendar and has been held every year since 2014. This year, for the third year, we are holding it via Zoom meeting online due to the COVID-19 pandemic. We are inviting internationally recognized speakers from several countries to share their latest discoveries in the fields of Biology, Chemistry, Physics, Mathematics, and Science Education. Well-known researchers in science and science education will share their experiences and knowledge so that we can stay up to date with the latest information. This is one of the goals of this seminar. As science researchers, we realize the importance of information exchange among us. The new information enlightens our minds and gives us ideas on what to do next in our research and how to do it. This new information often becomes the foundation for our next project in particular and sets the research trends for the upcoming year in general. Information

exchange also keeps us updated allowing us to give and receive suggestions and critiques that will lead to better results Therefore we need a forum where we can share and exchange information Seminars conferences and other scientific gatherings are the media through which we can do this Organizer Faculty of Mathematics and Natural Sciences of Universitas Negeri Medan Where Web Seminar via Zoom Meeting When Tuesday 8th November 2022 Theme The development of industrial based research in science and science education to improve research innovation strategy Topics AISTSSE 2020 included following topics 1 Mathematics Science 2 Mathematics Education 3 Physics Science 4 Physics Education 5 Biology Science 6 Biology Education 7 Chemistry Science 8 Chemistry Education 9 Computer Science 10 Science Education Scientific Committee 1 Prof Dr Syawal Gultom M Pd Universitas Negeri Medan Indonesia 2 Prof Dr Marleen Kamperman University of Groningen Netherland 3 Prof Manihar Situmorang M Sc Ph D Universitas Negeri Medan Indonesia 4 Prof Tsunenori Mine School of Engineering Department of Electrical Engineering and Computer Science Kyushu University Japan 5 Prof Dian Armanto M Pd Universitas Negeri Medan Indonesia 6 Prof Dr Herbert Sipahutar M Sc Universitas Negeri Medan Indonesia 7 Prof Abedel Karrem Nasser M Alomari Department of Mathematics Faculty of Science Yarmouk University Jordan 8 Prof Dr Bornok Sinaga M Pd Universitas Negeri Medan Indonesia 9 Prof Dr Muhammad Sattar Rasul Universitas Kebangsaan Malaysia Malaysia 10 Prof Motlan M Sc Ph D Universitas Negeri Medan Indonesia 11 Prof Dr Asmin M Pd Universitas Negeri Medan Indonesia 12 Prof Dr Fauziyah Harahap M Si Universitas Negeri Medan Indonesia 13 Prof Dr Mukhtar M Pd Universitas Negeri Medan Indonesia 14 Prof Dr Pargaulan Siagian M Pd Universitas Negeri Medan Indonesia 15 Prof Dr Sahat Saragih M Pd Universitas Negeri Medan Indonesia 16 Prof Dr Edi Syahputra M Pd Universitas Negeri Medan Indonesia 17 Prof Dr Hasratuddin M Pd Universitas Negeri Medan Indonesia 18 Prof Dr Ramlan Silaban M Si Universitas Negeri Medan Indonesia 19 Prof Dr Retno Dwi Suyanti M Si Universitas Negeri Medan Indonesia 20 Prof Dr Nurdin Bukit M Si Universitas Negeri Medan Indonesia 21 Prof Dr Sahyar M S Universitas Negeri Medan Indonesia 22 Prof Dr rer nat Binari Manurung M Si Universitas Negeri Medan Indonesia 23 Prof Dr Makmur Sirait M Si Universitas Negeri Medan Indonesia 24 Prof Dr Eva Marlina Ginting M Si Universitas Negeri Medan Indonesia 25 Prof Dr Drs Tri Harsono M Si Universitas Negeri Medan Indonesia 26 Prof Dr Martina Restuati M Si Universitas Negeri Medan Indonesia 27 Prof Drs Zul Amry M Si Ph D Universitas Negeri Medan Indonesia Supported by FORUM MIPA LPTK INDONESIA Teaching English to Young Learners in Indonesia Gusti Astika, 2025-12-15 Teaching English to Young Learners in Indonesia is a practical guide for teachers who work with children in primary schools It explains what English teaching looks like in Indonesia today and offers simple research based ideas teachers can use right away The book begins by introducing the Indonesian context how English fits into the national curriculum how children grow up using several languages and what this means for teaching English in EFL classrooms Teachers will also learn how children aged 6 12 learn best with easy explanations of key ideas from Piaget Vygotsky Krashen and Bruner The book shows why curiosity play imagination and emotional support are

essential in young learner classrooms Practical chapters guide teachers through curriculum planning adapting the Merdeka Curriculum integrating CLIL and creating simple lesson plans There are clear examples of how to teach vocabulary grammar listening speaking reading and writing in child friendly ways using stories chants songs games phonics and creative activities The book also highlights fun and effective teaching approaches such as storytelling drama tasks and projects with ideas for mini books puppet shows English fairs and cultural exchanges Digital tools and AI are introduced in a safe and practical way helping teachers use apps digital stories and gamified activities to support learning To help teachers manage real classrooms the book includes strategies for building routines teaching large classes supporting shy learners and using Bahasa Indonesia wisely Assessment is explained in a simple way with tips for portfolios checklists projects and giving culturally sensitive feedback The final chapters share classroom stories from across Indonesia and offer a look at the future of English teaching bilingual programs multilingual learning with AI and ideas for inclusive and sustainable EYL education Overall this book gives teachers the knowledge skills and confidence to create enjoyable meaningful and effective English lessons for young Indonesian learners
