The Central European Observer ,1926 Central Europe ,2007 **The Life and Death of Classical Music** Norman

Lebrecht,2007-04-10 In this compulsively readable fascinating and provocative guide to classical music Norman Lebrecht one of the world s most widely read cultural commentators tells the story of the rise of the classical recording industry from Caruso s first notes to the heyday of Bernstein Glenn Gould Callas and von Karajan Lebrecht compellingly demonstrates that classical recording has reached its end point but this is not simply an expos of decline and fall It is for the first time the full story of a minor art form analyzing the cultural revolution wrought by Schnabel Toscanini Callas Rattle the Three Tenors and Charlotte Church It is the story of how stars were made and broken by the record business how a war criminal conspired with a concentration camp victim to create a record empire and how advancing technology boardroom wars public credulity and unscrupulous exploitation shaped the musical backdrop to our modern lives The book ends with a suitable shrine to classical recording the author s critical selection of the 100 most important recordings and the 20 most appalling Filled with memorable incidents and unforgettable personalities from Goddard Lieberson legendary head of CBS Masterworks who signed his letters as God to Georg Solti who turned the Chicago Symphony into the loudest symphony on earth this is at once the captivating story of the life and death of classical recording and an opinioned insider s guide to appreciating the genre now and for years to come

Philosophy, Society and the Cunning of History in Eastern Europe Costica Bradatan,2013-09-13 Philosophy Society and the Cunning of History in Eastern Europe charts the intellectual landscape of twentieth century East Central Europe under the unifying theme of precariousness as a mode of historical existence Caught between empires often marked by catastrophic historic events and grand political failures the countries of East Central Europe have for a long time developed a certain intellectual self representation a culture that not only helps them make some sense of such misfortunes but also protects them somehow from a collapse into nihilism An interdisciplinary study of this

sophisticated culture of survival and endurance has been long overdue Not only is it charming and worth studying in its own right but with the re integration of the new Europe into the old one and the emergence on the Western European intellectual scene of many authors from the East such a culture will also shape the European mind of the 21st century This volume decodes and explores this culture of precariousness from the complementary angles of philosophy political theory intellectual history and literary studies Expert contributors look at a wide range of topics from philosophical martyrdom to collective suffering to geographical fatalism and explore the works of key authors in the field including Cioran Ko akowski Kert sz Bauman and i ek This book was originally published as a special issue of Angelaki The Journal of the Theoretical Humanities

opens with a tongue in cheek Warning readers should beware of his politically incorrect writing style and his frank take on the BBC record companies the Bavarian Police and any other self appointed wielders of power It sets the tone for a truly original memoir that is as playful unconventional and carefully executed as his music The book is structured like a musical performance with Interludes Outros and an Encore separating the regular chapters which cover Nigel s life story from his humble beginnings and scholarship to the newly created Yehudi Menuhin School and then New York at The Juilliard School to his flourishing career and break through as a world class superstar Interludes cover subjects varying from Nigel s best and worst gigs It might seem strange that shit gigs stick in the mind so much more than the good ones but I suppose it makes sense to run ins with rock stars and Police forces around the world His anecdote on the London Metropolitan Police s handling of a noise complaint at an after show all star jam is particularly funny These guys the Met were cheerful they dealt with the situation and didn t escalate the problem when there wasn t one 10 10 Outros cover Nigel s thoughts on classical music today fascinating reading from the perspective of a virtuoso to Brexit where the spelling of the word alone leaves the reader in little doubt as to which side of the fence the author sits Encores is a comprehensive section on Nigel s recorded output covering his early classical work the Four Seasons and later albums There are insights into his work with rock musicians including Robert Plant the late drummer Michael Lee Killing Joke singer Jaz Coleman and producers Eddie Kramer Jimmy Hendrix and John Leckie Stone Roses Nigel s writing on Gershwin Yehudi Menuhin Stephan Grappelli my biggest inspiration Jimi Hendrix and the Doors is compelling Nigel writes of his interests outside music boxing and football which provide inspiration and balance to his creative output on Aston Villa a true blessing for me to have an outlet in which I was surrounded by normal honest hard working people who did proper jobs There is a splendid chapter on Kitchen Golf a not without risk variation of the game conjured up with close friend and mischief maker Gary Lineker during a messy late night kitchen session My whole life has been spent breaking down barriers between people and this book is proof of that states Nigel in his Warning It s a Mission Statement borne out in Uncensored with aplomb
