

REPORT CARD COMMENTS

For Special Education

- Social and Emotional Development

I must appreciate “_____’s” social skills in our special needs classroom. Her/His inclination towards accepting differences in the abilities of her/his peers is truly remarkable!

“_____” is doing well socially but needs guidance when it comes to conflict resolution. We are helping her/him learn constructive ways to resolve disagreements with peers and others.

“_____” is no longer the person who always took a back seat. She/He looks more confident and regulates her/his impulses well in different circumstances.

Comments For Report Card For Special Needs:

Developing Standards-Based Report Cards Thomas R. Guskey, Jane M. Bailey, 2010 Providing a clear framework this volume helps school leaders align assessment and reporting practices with standards based education and develop more detailed reports of children's learning and progress *The Other Side of the Report Card* Maurice J. Elias, Joseph J. Ferrito, Dominic C. Moceris, 2015-12-14 To better serve the whole child look at the whole report card Students are more than their academic grades you know it and their parents know it The progress they make in social emotional learning and character development is essential to their success in school and in life But while educators have made great strides in improving grading for academic achievement we've left too many teachers still guessing when it comes to outdated behavior ratings and comment sections That's where this book comes in Grounded in research and in the author's work with teachers and administrators it offers guidance on retooling report cards to better reflect the whole child integrating SEL and CD into any school or district wide grading system Resources include Guided exercises for analyzing existing report cards Samples and suggested report card designs Tips on improving communication with parents Case studies highlighting common challenges Testimonials from teachers and students When you take report cards to the next level you make sure that communication reflects all of the important characteristics of success and ensure that students develop the skills they need for the future This book brilliantly illuminates the key role played by social emotional learning in each student's development and it challenges the tradition of relegating the SEL EQ observations to the back of the report card If we want to develop better communities this book shows the way Dr Neil MacNeill PhD EdD Head Master Ellenbrook Independent Primary School The ultimate goal of misbehavior is attention When children don't get the attention they need through the proper behavior they will get it any way they can Children want to be loved and cared about SEL will help them to learn the proper ways to get attention It will also help teachers better understand the misbehaviors and redirect students toward positive behavior Pamela L Opel Teacher Intervention Specialist Gulfport School District *Vocational Special Needs* Michelle Sarkees-Wircenski, John L. Scott, 1985 Abstract This text discusses the planning and management of vocational training programs for handicapped and disadvantaged students who have special needs The book is divided into 12 modules each covering a specific area of vocational special needs education Each module is self contained and may be studied independently of other modules Topics include referral identification and placement of special needs learners vocational assessment and individualized education programs for special needs learners interagency collaboration and cooperative planning applying rehabilitation technology to vocational programs instructional techniques for special needs learners learner evaluation and grading procedures and transition job placement and follow up for special needs learners
