The Roman Kingdom (753 BCE - 509 BCE)

Rome's earliest period is known as the Roman Kingdom, a time shrouded in legend and myth. According to Roman tradition, the city was founded by the twin brothers Romulus and Remus, who became the first king of Rome after banishing their brother. Rome was ruled by a series of kings, including the legendary figures of Romulus, Numa Pompilius, and the last king, Tarquin the Proud, who was overthrown.

The kingdom's power was initially based on the city of Rome and its surrounding areas. But Rome's expansion began through military conquest and strategic alliances with neighboring peoples. The Roman Republic, the political and social system of the city, began to take shape during this period.

The first king of Rome, Romulus, is said to have founded the city in 753 BCE, in response to the legendary tale of the twins. The establishment of the Roman Republic followed the end of the monarchy and the beginning of a new form of government based on elected officials.
