Carbon Capture and Storage in the United Kingdom Marc Hudson, 2024-03-27. This book is a concise but comprehensive guide to the history, present, and possible futures of carbon capture and storage policy and action in the United Kingdom (UK). There have been multiple failed starts, promises, and last chances for carbon capture and storage (CCS) in Europe, North America, China, and Australia, but thus far it has repeatedly collided with the political and economic realities that the technology is too expensive and complicated to gain and keep policymakers' support. However, in the UK, that might be changing, with explicit government support for CCS to help decarbonise industry. Set within the broader context of global interest in CCS, this book first outlines the technologies involved in the types of capture, transport, options, and storage options in the UK. It then briefly introduces an overarching policy analysis framework, John Kingdon's multiple streams approach, and uses it to give an account of the long history of CCS interest and efforts in three chapters covering the 1970s to 2002, 2003 to 2015, and 2016 to the present day. Marc Hudson focusses on the various arguments made for the introduction of CCS and the slowly shifting coalitions of actors who make those arguments, while contrasting these with the perspectives of those opposed to CCS. This book will be of great interest to students, scholars, and policymakers researching and working in the field, as well as the related areas of energy policy, energy transitions, and climate change.

What a Way to Go Bella Mackie, 2025-10-07 Instant Sunday Times Bestseller. Wonderfully wicked Red Magazine. A gleeful satire Sunday Times. Ferociously entertaining Good Housekeeping UK. With the bite of The White Lotus and the family dynamics of Succession, *What a Way to Go* is an uproarious and satirical whodunnit about people behaving badly and perhaps finally getting their just deserts from the author of the mega bestseller *How to Kill Your Family*. When Anthony Wistern died, he expected his family to make a bit more of a fuss about it. Especially after he'd died in such dramatic fashion, skewered by an exorbitantly expensive party decoration in the private lake of his Cotswold's manor house at his sixtieth birthday party, surrounded by the people for whom he most loved flaunting his wealth. And now even death has disappointed him instead of Heaven or Hell or an empty void. Anthony's soul is stuck in a strange kind of purgatory while he tries to figure out who killed him before he is finally released from this interminably exasperating waiting room. Olivia Wistern knows she should probably try to appear at least a little upset about her husband's death, but she honestly can't be bothered. As usual, he's left behind an unbelievable mess financially, socially, personally, that she's going to have to clean up. Their four grown children will be of absolutely no help; she shouldn't have let them become so hopelessly spoiled. And is it just her, or are the police and their murder investigation intentionally getting underfoot? There's no shortage of people who hated Anthony, so can't they look for a killer somewhere other than her house? While the Wisterns are more concerned about the fate of their money than the fate of their patriarch, one internet sleuth is highly interested in Anthony Wistern's death. She isn't about to let the opportunity to create a sure-to-be smash true crime podcast pass by, not when the murder was committed mere yards away and not when she has her own history with the victim. She'll make her name and her own fortune off Anthony's death, one way or another, whatever it takes.
