

C-S.E.T. Responses

C-S.E.T. is a writing strategy designed to help students provide thoughtful, evidence-based responses to critical thinking questions. At their basic form, C-S.E.T. responses are very similar to argumentative essays. C-S.E.T. responses require a reference back to source texts and a conclusion drawn from the assessed subjectivity.

Let's start by examining this document:

For the purposes of this source, the focus is on:

What informs the hero's journey? (the suggestions that Thoreau in the text makes to himself)

Statement	Description	Explanation
C - Claim:	This is a one-sentence statement that directly responds to the focus question. This is also often thought of as the hero's or statement.	According to the Harvard stamp of the Hero's Journey cycle, Thoreau is the hero here. In <i>Walden</i> , Thoreau writes:
S - Set Up:	This is where you provide some background information that will help show evidence in the next step (thesis statement). This is a great space for a summary of the text or topic.	In <i>Walden</i> , after this statement is made, he says, "I went about the background of Thoreau, and that took me most of the time to achieve this uniformity of writing. (Quoted in <i>Walden</i> 100).
E - Evidence:	Follow this with two or three points of support. You generally want to use direct quotes from your evidence here. For example, in the introduction, he says, "I have never been able to tell a story without a bit of evidence, and always tell the whole truth, however ignorant it may be."	This article contains points of support. In <i>Walden</i> , Thoreau's journeying cycle, the saying is, "In order to gain possession of the world, the soul must be free from the flesh, the soul must be free from the world, the flesh must be free from the soul." This is a good example of this.
T - The End:	Finally, draw that together your evidence. You should never leave your evidence out unless it has been jettisoned. For example, "We must leave them alone, peacefully."	This is a conclusion of the hero's internal, external, and their journey in <i>Walden</i> . After Thoreau spends the majority of the film constructing the uniformity, he ultimately achieves this goal, despite the lack of the Avenger's information.
