**Blueprints for Text Analytics Using Python** Jens Albrecht,Sidharth Ramachandran,Christian Winkler,2020-12-04

Turning text into valuable information is essential for businesses looking to gain a competitive advantage. With recent improvements in natural language processing, NLP users now have many options for solving complex challenges. But it's not always clear which NLP tools or libraries would work for a business's needs or which techniques you should use and in what order. This practical book provides data scientists and developers with blueprints for best practice solutions to common tasks in text analytics and natural language processing. Authors Jens Albrecht, Sidharth Ramachandran and Christian Winkler provide real world case studies and detailed code examples in Python to help you get started quickly. Extract data from APIs and web pages. Prepare textual data for statistical analysis and machine learning. Use machine learning for classification, topic modeling and summarization. Explain AI models and classification results. Explore and visualize semantic similarities with word embeddings. Identify customer sentiment in product reviews. Create a knowledge graph based on named entities and their relations.

**The Routledge Handbook of Media Education Futures Post-Pandemic** Yonty Friesem,Usha

Raman,Igor Kanižaj,Grace Y. Choi,2022-09-13 This handbook showcases how educators and practitioners around the world adapted their routine media pedagogies to meet the challenges of the COVID 19 pandemic which often led to significant social, economic and cultural hardships. Combining an innovative mix of traditional chapters, autoethnography, case studies and dialogue within an intercultural framework, the handbook focuses on the future of media education and provides a deeper understanding of the challenges and affordances of media education as we move forward. Topics range from fighting disinformation, how vulnerable communities coped with disadvantages using media, transforming educational TV or YouTube to reach larger audiences, supporting students' wellbeing through various online strategies, examining early childhood, parents and media, mentoring using digital tools, reflecting on educators' intersectionality on video platforms, youth produced media to fight injustice, teaching remotely and providing low tech solutions to address the digital divide, search for solutions collaboratively using social media and many more. Offering a unique and broad multicultural perspective on how we can learn from the challenges of addressing varied pedagogical issues that have arisen in the context of the pandemic, this handbook will allow researchers, educators, practitioners, institution leaders and graduate students to explore how media education evolved during 2020 and 2021 and how these experiences can shape the future direction of media education.

**Civility in the Digital Age** Andrea Weckerle,2013-02-13 Re-civilize Life Online PROVEN Conflict Management and Prevention for Social Media and the Web. Ever seem like the Web is just one big screaming match? Ever feel like you're refereeing a

worldwide tantrum on YOUR social media sites, blogs and online forums? That's not good for your goals or your sanity. Stop. Now. Step back. Take a breath. And solve the problem. Thought you couldn't? You can. There are proven best practices for getting people to be civil online. Even when they disagree. Even if they're complaining. You can avoid misunderstandings that

lead to flame wars and promote constructive conversation amongst those with strongly held views And finally you can handle the people that just can t be civilized Today these skills are flat out imperative Everyone who leads curates manages or participates in online communities needs them Andrea Weckerle hasn t just compiled them she s created a 30 Day Action Plan for restoring civility to your corner of the digital world This plan works and not one moment too soon Master the foundational skills you need to resolve and prevent conflict online Understand the dynamics of each online conflict from procedural disputes to online lynch mobs Stay cool and effectively manage conflict in even the highest pressure online environments Differentiate between what people say and what they really want Create a positive online footprint or start cleaning up a negative image Recognize online troublemakers and strategize ways to handle them Manage your own anger and when necessary express it online safely and productively Strategically manage others online hostility and frustration Limit risks to your organization s online reputation due to actions it can t control Draft and implement corporate social media policies that actually work
