counterparts in her dreams by night sometimes because they have to do with a case she is working sometimes because demons simply don't like her She is a busy lady Her newest case begins accidentally at first glance What appears to be a large outbreak of food poisoning at a local mall food court is just the beginning of the puzzle In addition to her favorite and only niece being too close for comfort to that event there is also considerable chatter about an upcoming terrorist attack If what she uncovered is accurate the planned attack on San Antonio her beloved home would be like nothing she has ever seen before using a bioweapon she never could have even imagined Marrying scientific advancements with real life needs is a huge benefit to society Of course everything can be twisted away from good towards evil but how could somebody plan something like this Why would they want to hurt innocent people in order to benefit themselves And just how wide does the terror web spread The heads of two biotech companies in San Antonio appear equally guilty and able to conspire about something like this Is the attack allegedly planned for Halloween night when so many children and adults will be out in public and susceptible to harm It will take an entire team to figure out this threat that has been years in the making and stop it before the world as she knows it changes irreversibly
