America's Gothic Fiction Dorothy Zayatz Baker, 2007 Secretary to the Salem witch trials Cotton Mather is the most reviled of our national historians Yet James Russell Lowell admitted that with all his faults that conceited old pedant contrived to make one of the most entertaining books ever written on this side of the water In America's Gothic Fiction Dorothy Z Baker investigates the ways in which nineteenth century authors Edgar Allan Poe Harriet Beecher Stowe and Nathaniel Hawthorne among others look to Mather's Magnalia Christi Americana at critical moments in their work and refashion his historical accounts as gothic fiction Cotton Mather's 1702 Magnalia captured the imagination of its readers more than any other colonial history and impressed Americans with its message of American exceptionalism and God's dramatic intervention on behalf of the country and its citizens Poe Stowe and Hawthorne who are rarely grouped together in

literary studies have radically divergent responses to Mather's theology historiography and literary forms. However, each takes up Mather's themes and forms and in distinct ways interrogates the providence tales in *Magnalia Christi Americana* as foundational statements about American history and identity.

Investigating Heroes David Simmons, 2011-11-28
Premiering in September of 2006, the weekly NBC television series *Heroes* was an immediate commercial and critical hit, lasting four successful seasons. *Heroes* follows a group of interrelated characters who discover they have superhuman powers, with each successive episode exploring how these people react to and utilize their powers for good or for evil. This collection of essays explores a variety of issues surrounding *Heroes*, examining the series' content, marketing, and reception. Also investigated is the show's fusion of cult and mainstream elements of television, analyzing its ability to combine so-called lowbrow elements (comic books and superheroes) with a high-quality television form, prizing such factors as moral ambiguity and depth of characterization, and what this blending process suggests about the current hybrid state of genre television and about the medium as a whole.

I Am Legend as American Myth Amy J. Ransom, 2018-07-10
Richard Matheson's 1954 novel *I Am Legend* has spawned a series of iconic horror and science-fiction films, including *The Last Man on Earth* (1964), *The Omega Man* (1971), and *I Am Legend* (2007). The compelling narrative of the last man on earth struggling to survive a pandemic that has transformed the rest of humanity into monsters has become an American myth. While the core story remains intact, filmmakers have transformed the details over time, reflecting changing attitudes about race and masculinity. This reexamination of Matheson's novel situates the tale of one man's conflicted attitude about killing racialized others within its original post-World War II context, engaging the question of post-traumatic stress disorder. The author analyzes the several film adaptations with a focus on the casting and interpretations of protagonist Robert Neville.

The Pleasures of Reading Catherine Sheldrick Ross, 2014-06-27
Based on years of ground-breaking research, this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying, pleasurable, and even life-changing reading experience. Following up on her critically acclaimed *Reading Matters: What the Research Reveals about Reading Libraries and Community*, Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought-provoking essays based on themes arranged from A to Z. In short, lively chapters, she discusses topics ranging from Alexia Bad Reading and Changing Lives to Romance Fiction, Self-help Titles, Vampires, and Year of Reading. Drawing on her own research as well as other published sources, Ross comments on the significance of each theme, provides examples of the phenomenon, and develops the topic chronologically through further examples or through reversals. The essays are unified by an underlying theory of reading that views readers as sense-makers actively engaged in reading themselves into the text and reading the texts back into their own lives. It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading. A short list of resources for further reading is supplied with each topic.

The Victorian Baby in Print Tamara S. Wagner, 2020-10-15
The Victorian Baby in Print: Infancy

Infant Care and Nineteenth Century Popular Culture explores the representation of babyhood in Victorian Britain The first study to focus exclusively on the baby in nineteenth century literature and culture this critical analysis discusses the changing roles of an iconic figure A close look at the wide ranging portrayal of infants and infant care not only reveals how divergent and often contradictory Victorian attitudes to infancy really were but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us Drawing on a variety of texts including novels by Charles Dickens Wilkie Collins Mary Elizabeth Braddon Mrs Henry Wood and Charlotte Yonge as well as parenting magazines of the time childrearing manuals and advertisements this study analyses how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies and a critical reconsideration might also prompt a self critical reconsideration of the still burgeoning market for infant care advice today

The Godwinian Novel Pamela Clemit, 1993 The Godwinian Novel is a pioneering analysis of the school of fiction inaugurated by William Godwin and developed in the works of his principal followers Charles Brockden Brown and Mary Wollstonecraft Shelley In the first study of these authors as a historically specific group Pamela Clemit argues for a greater unity between Godwin's fictional techniques and his radical political philosophy than has been perceived Her analysis of the works of Brown and Mary Shelley moreover reveals how these writers modified reshaped and redefined Godwin's distinctive themes and techniques in response to shifting ideological pressures in the post revolutionary period Examining prose fiction in a period traditionally seen as dominated by poetry Clemit stresses the necessity for a revised view of British Romanticism Uncovering the links between Godwin's fictional analysis of subjective experience and his progressive political philosophy The Godwinian Novel paves the way for a reappraisal of the apparently quietistic and introspective concerns of other writers of the period
