Perl, 2019-12-31 Just in time for Presidents Day and the 2020 election Proficient readers will enjoy hunting down the TRUTH about several of our U S presidents in this book part of an innovative new series President William Howard Taft the twenty seventh president of the United States got stuck in the White House bathtub right That's a LIE The TRUTH is he never actually got stuck in the bath during his presidency but he did go on to become a Supreme Court chief justice after his term Though 100% fun 25% of this engaging early reader is FALSE In a unique question and answer format proficient readers are quizzed about funny interesting presidential trivia to see if they can separate facts from lies Our mascot the Truth Sleuth guides readers through this entertaining and fact packed Step 3 book filled with historical photos and kid appealing art and humor Step 3 Readers feature engaging characters in easy to follow plots about popular topics for children who are ready to read on their own Power of Reading Frank Furedi, 2015-10-08 Here is a natural companion to Christopher Booker's bestselling The Seven Basic Plots Continuum and John Gross's seminal study The Rise and Fall of the Man of Letters Weidenfeld and Nicolson The most eminent cultural and social historian Frank Furedi presents an eclectic and entirely original history of reading The very act of reading and the choice of reading material endow individuals with an identity that possesses great symbolic significance Already in ancient Rome Cicero was busy drawing up a hierarchy of

different types of readers Since that time people have been divided into a variety of categories literates and illiterates intensive and extensive readers or vulgo and discreet readers In the 19th Century accomplished readers were praised as men of letters while their moral opposites were described as unlettered Today distinctions are made between cultural and instrumental readers and scorn is communicated towards the infamous tabloid reader The purpose of this book is to explore the changing meanings attributed to the act of reading Although it has an historical perspective the book's focus is very much on the culture of reading that prevails in the 21st Century There are numerous texts on the history of literacy Hoggart yet there is no publication devoted to the the history of readers and their relationship with wider culture and society It is thus a fascinating insight into understanding the post Gutenberg debates about literacy in a multimedia environment with such a strong emphasis on the absorption of information Taking a cue from George Steiner Furedi argues vigorously for the restoration of the art of reading every bit as important as the art of writing
