Twenty Years After John Irwin Bright, 2017-11-16 Excerpt from Twenty Years After A Record of the Class of 1890 In reading over the editorial comments in a number of Class Records one is impressed by a sense of the enormous difficulties overcome by the respective authors The almost impossible task of inducing the average classmate to answer the extremely personal questions which precedent requires is described on the very first page About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Social Worlds of Nineteenth-Century Chamber Music Marie Sumner Lott, 2015-06-15 Music played an important role in the social life of nineteenth century Europe and music in the home provided a convenient way to entertain and communicate among friends and colleagues String chamber music in particular fostered social interactions that helped build communities within communities Marie Sumner Lott examines the music available to musical consumers in the nineteenth century and what that music tells us about their tastes priorities and activities Her social history of chamber music performance places the works of canonic composers such as Schubert Brahms and Dvořák in relation to lesser known but influential peers The book explores the dynamic relationships among the active agents involved in the creation of Romantic music and shows how each influenced the others choices in a rich collaborative environment In addition to documenting the ways companies acquired and marketed sheet music Sumner Lott reveals how the publication and performance of chamber music differed from that of ephemeral piano and song genres or more monumental orchestral and operatic works Several distinct niche markets existed within the audience for chamber music and composers created new musical works for their use and enjoyment Insightful and groundbreaking The Social Worlds of Nineteenth Century Chamber Music revises prevailing views of middle class influence on nineteenth century musical style and presents new methods for interpreting the meanings of musical works for musicians both past and present

Half Century Record of the Class of "Fifty-Five" Amherst College, 2017-01-22 Excerpt from Half Century Record of the Class of Fifty Five Amherst College 1855 1905 We have no inclination to boastfulness but the simple fact may be stated that the class of 55 was one of the largest in number and highest in scholarship that graduated at Amherst previous to the year 1862 Only the classes of 31 and 39 exceeded ours in number the former by four and the latter by two while none exceeded our number of thirty two elected to membership in Phi Beta Kappa About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art

Based on two international conferences held at Cornell University and the Freie Universität of Berlin in 2010 and 2015 this volume is the first ever to explicitly address the destruction of plaster cast collections of ancient Mediterranean and Western sculpture Focusing on Europe the Americas and Japan art historians archaeologists and a literary scholar discuss how different museum and academic traditions national as well as disciplinary notions of value and authenticity or colonialism impacted the fate of collections The texts offer detailed documentation of degrees of destruction by spectacular acts of defacement demolition discarding or neglect They also shed light on the accompanying discourses regarding aesthetic ideals political ideologies educational and scholarly practices or race With destruction being understood as a critical part of reception the histories of cast collections defy the traditional homogenous narrative of rise and decline Their diverse histories provide critical evidence for rethinking the use and display of plaster cast collections in the contemporary moment
