Cfmeu 2015 Calendar

Bernard Mees,Cathy Brigden

Cfmeu 2015 Calendar:

Workers' Capital Bernard Mees, Cathy Brigden, 2020-07-16 Superannuation was once a privilege granted only to company head office staff and career public servants. Now in Australia nearly all workers have access to employer contributed superannuation and it is a fundamental pillar of Australia's retirement income system. *Workers Capital* tells the story of the Australian superannuation revolution led by trade unions in the 1980s. After a series of hard fought industrial campaigns an enormous financial industry was created involving hundreds of thousands of employers and covering millions of fund members. From having one of the worst retirement savings systems in the developed world in three decades Australia had one of the best. Now the funds held in Australian superannuation accounts exceed the entire market capitalisation of all the companies on the Australian Stock Exchange. Drawing on interviews with the key players and extensive archival research *Workers Capital* is the first systematic history of the unique Australian system of industry superannuation. Startling and informative I thought I knew a lot about the industry superannuation phenomenon but this one took me by surprise. For a topic so important a real page turner. Gerard Noonan Chair of Media Super former editor of Australian Financial Review
