Chance : a Tale in Two Parts. By: Joseph Conrad Joseph

Conrad, 2017-01-25 Chance is a novel by Joseph Conrad published in 1913 following serial publication the previous year. Although the novel was not one upon which Conrad's later critical reputation was to depend it was his greatest commercial success upon initial publication. Chance is narrated by Conrad's regular narrator Charles Marlow but is characterised by a complex nested narrative in which different narrators take up the story at different points. The novel is also unusual among its author's works for its focus on a female character the heroine Flora de Barral. The narrators describe and attempt to interpret various episodes in the life of Miss de Barral the daughter of a convicted swindler named Smith de Barral though this character is famous in the world of the novel as a criminal he may at least at first have been merely an incompetent banker. Miss de Barral leads a sheltered life while her father is prosperous then must rely on the generosity of others who resent her or have agendas for her before she escapes by marrying one Captain Anthony. Much of the book involves the musing of the various narrators over what she and the Captain expected from this union and what they actually got from it. When her father is released from prison he joins them on ship and the book heads towards its denouement. Chance opened a path to commercial success for Conrad after years of slow progress and obscurity. This success could be measured by the record sale of the book in 1914 which outsold all his previous publications and shot him to fame. Breaking away from the tradition Chance dealt with social issues surrounding feminism and financial speculation enacted by Mrs Fyne and Flora de Barral as presented by the narrators. The storyline of the novel oscillates between human will and activity juxtaposed with an apathetic force that can nullify the importance of human action. The complex style of Conrad's narrative in this novel invited widespread criticisms from peers and readers alike. Joseph Conrad Polish pronunciation born Jozef Teodor Konrad Korzeniowski 3 December 1857 3 August 1924 was a Polish British writer regarded as one of the greatest novelists to write in the English language. He joined the British merchant marine in 1878 and was granted British nationality in 1886. Though he did not speak English fluently until his twenties he was a master prose stylist who brought a non-English sensibility into English literature. He wrote stories and novels many with a nautical setting that depict trials of the human spirit in the midst of an impassive inscrutable universe. Conrad is considered an early modernist though his works still contain elements of 19th century realism. His narrative style and anti-heroic characters have influenced many authors including F. Scott Fitzgerald, William Faulkner, Ernest Hemingway, André Malraux, George Orwell, Graham Greene, Gabriel García Márquez, John Le Carré, V. S. Naipaul, Philip Roth, J. M. Coetzee and Salman Rushdie. Many films have been adapted from or inspired by Conrad's works. Writing in the heyday of the British Empire Conrad drew on among other things his native Poland's national experiences, notes 3 and his own experiences in the French and British merchant navies to create short stories and novels that reflect aspects of a European dominated world including imperialism and colonialism and that profoundly explore the human psyche.
