Dystopias and Utopias on Earth and Beyond Douglas A. Vakoch, 2021-04-29 Caught as we are in a grave climate crisis that seems more irreversible with every passing year our literary portrayals of the future often feature the dystopian collapse of the world as we know it Science fiction explores how we got here while pointing toward a more hopeful path forward From an ecofeminist perspective a core cause of our current ecological catastrophe is the patriarchal domination of nature playing out in parallel with the oppression of women As an alternative to dystopian futures that seem increasingly inevitable ecofeminist science fiction helps us conjure utopias that promote environmental sustainability based on more egalitarian human relationships *Dystopias and Utopias on Earth and Beyond* Feminist Ecocriticism of Science Fiction explores the fictional worlds of such canonical novelists as Margaret Atwood Octavia Butler Ursula K Le Guin Doris Lessing and Joan Slonczewski as well as those of lesser known science fiction writers as they collectively probe humanity's greatest existential threats Contributors from five continents provide compelling analyses of far future dystopias on Earth that are all too easy to imagine becoming reality if humankind's current trajectory continues as well as provocative insights into science fiction utopias set on idyllic planets orbiting distant stars which offer liberatory alternatives that might someday be actualized in the real world By examining the links between the destruction of the environment and the domination of women *Dystopias and Utopias on Earth and Beyond* provides the tools to counteract those intertwined oppressions helping create a foundation for a truly habitable world

Dashwood,2024-09-02 Reading The Romantic Ridiculous aims to take Romantic Studies from the sublime to the ridiculous Building on recent work that decentres the myth of the solitary genius this duograph theorises the ridiculous as an alternative affect to the sublime privileging collective laughter above solitude and selfishness and reflecting on these ideals through the practice of joint authorship Tracing the history of the ridiculous through Romantic and post Romantic debates about sublimity from the rediscovery of Longinus and the aesthetic theories of Burke and Kant to contemporary queer and postcolonial theory interested in silliness lowness and vulnerability Reading the Romantic Ridiculous explores Romanticism s surprising commitments to ridiculousness in canonical material by writers such as Samuel Taylor Coleridge Jane Austen and Charles Lamb as well as lesser known material from joke books to children s literature In theory and practice this duograph also considers the legacies of Romanticism and ridiculousness today analysing their influence on independent film sitcoms and

young adult fiction as well as their place in higher education now Crisis and the Culture of Fear and Anxiety in Contemporary Europe Carmen Zamorano Llena, Jonas Stier, Billy Gray, 2023-08-01 The accrual of crises over the last two decades with their particular manifestations in the European context has evoked the feeling of living in exceptional times as captured in the recurrent claim that we live in the age of anxiety The main aim of this collection is to analyse from a multidisciplinary perspective the causes and consequences of the current dominance of the discourse of fear anxiety and crisis through the experience of distinct and often interdependent moral panics in twenty first century Europe With its multidisciplinary approach this volume sheds light on the need to view the interrelationship between different crises and their associated affects as crucial in attaining a more nuanced understanding of the aetiology and effects of the current age of anxiety This multidisciplinary scrutiny of the interrelationship of twenty first century fears anxiety and crises signals an original engagement with these complex phenomena in order to make their emergence and profound effects on contemporary society more comprehensible The timeliness of the thematic focus and the rigorous in depth analyses make this collection relevant to students and academics within the fields of sociology literary and cultural studies political science and anthropology as well as to those in European studies and global studies The Hall of Homeless Gods John Michael Greer, 2024-09-24 A cli fi thriller in a gritty future Meet Jerry Shimizu He s a tough two fisted fixer who works for the boss of Habitat Four one of five Japanese refugee communities built on abandoned oil platforms off the coast of the United States in a hard edged dystopian future of technological decline and climate chaos His beat is Shoreside the bustling brawling anything goes temporary port on the beach two miles from the Habitats He s trying to bust a robbery ring that s preying on Shoreside gambling money when he encounters a mysterious woman with strange mental abilities Before long he s having to dodge hoods sent after him by Shoreside s crime lord agents of the US government and spies from its archrival the European Union Does all this have anything to do with rumors of a secret supercomputer project in the now abandoned country inland from Shoreside a project that once left a string of corpses behind it and now might yield a fabulous trove of old world technology Jerry s going to find out if he can survive long enough *City of Ice and Dreams* J.G.
