Chaim Potok In Den Beginne:

A Study Guide for Chaim Potok's "My Name Is Asher Lev" Gale, Cengage Learning, 2016-06-29 A Study Guide for Chaim Potok's *My Name Is Asher Lev* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs. **Spiritual Leadership** Erik Van Praag, 2004-01-01 There is a harrowing lack of leadership in the world. With this simple statement, Erik van Praag opens up a world of spiritual wisdom for leaders. Not a do-it-yourself book with quick remedies, van Praag's *Spiritual Leadership* focuses on the philosophical and metaphysical issues that underlie the difficulties faced by most leaders: difficulties such as developing a vision, inspiring others, communicating effectively, listening to and acting on one's inner promptings, and maintaining a healthy balance between leading others and being led by them. The Secret Magdalene Ki Longfellow, 2007-03-27 Raised like sisters, Mariamne and Salome are indulged with riches, position, and learning, a rare thing for females in Jerusalem. But Mariamne has a further gift: an illness has left her with visions; she has the power of prophecy. It is her prophesying that drives the two girls to flee to Egypt, where they study philosophy, mathematics, and astronomy in the Great Library of Alexandria. After seven years, they return to a Judaea where many now believe John the Baptizer is the messiah. Salome too begins to believe, but Mariamne, now called Magdalene, is drawn to his cousin Yeshu, a man touched by the divine in the same way she was during her days of illness. Together they speak of sharing their direct experience of God, but Yeshu unexpectedly gains a reputation as a healer, and as the ill and the troubled flock to him, he and Magdalene are forced to make a terrible decision. This radical retelling of the greatest story ever told brings Mary Magdalene to life, not as a prostitute or demon-possessed but as an educated woman who was truly the apostle to the apostles. In the Beginning Chaim Potok, 1985-04-12 David Lurie learns that all beginnings are hard. He must fight for his place against the bullies in his Depression-shadowed Bronx neighborhood and his own frail health. As a young man, he must start anew and define his own path of personal belief that diverges sharply with his devout father and everything he has been taught. From the Paperback edition. **Cosmic Roots: The Conflict Between Science And Religion And How It Led To The Secular Age** Ira Mark Egdall, 2022-09-20 *Cosmic Roots* traces the five thousand year conflict between science and religion and how it has shaped our modern secular worldview. Told with rare clarity and striking insight, this fascinating and thought-provoking book focuses on the history of cosmology and its sister science, astronomy. For it was discoveries within these great disciplines which first led to the conflict between science and religion. The story begins with the cosmological beliefs of the ancients, from the flat Earth models of the Sumerians and Hebrews to the Greek notion of the orbits of planets as divine circles. Topics progress from Aristotle and Ptolemy's integrated planetary models to the Sun-centered cosmologies of Copernicus, Galileo, Kepler, and the great Isaac Newton. Their combined scientific achievements stand as testimony to the power and imagination of the

human mind This meticulously researched narrative also traces the roots of Western religion based on historical events and archeological evidence It takes us on a captivating journey through Western religious history from ancient paganism to the ethical monotheism of the Hebrews Christians and Moslems Along the way we follow the rise and fall of civilizations of empires cycles of war and peace unification and division The book concludes with how Darwin came up with his theory of evolution and the impact of modern physics on religious beliefs The cumulative effect of the scientific discoveries presented in Cosmic Roots has for better or for worse led to the separation of science and religion we see in Western culture today
