Women's History in Global Perspective Bonnie G. Smith, 2004 The American Historical Association s Committee on Women Historians commissioned

some of the pioneering figures in women's history to prepare essays in their respective areas of expertise. These volumes are the second and third in a series of three complete their collected efforts. The first volume of the series dealt with the broad themes necessary to understanding women's history around the world. As a counterpoint, volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras. It examines women in ancient civilizations including women in China, Japan, and Korea; women and gender in South and South East Asia; Medieval women; women and gender in Colonial Latin America; and the history of women in the US to 1865. Authors included are Sarah Hughes and Brady Hughes, Susan Mann, Barbara N. Ramusack, Judith M. Bennett, Ann Twinam, and Kathleen Brown. As with volume 2, volume 3 also discusses current trends in gender and women's history from a regional perspective. It includes essays on sub-Saharan Africa, the Middle East, early and modern Europe, Russian and the Soviet Union, Latin America, and North America after 1865. Authors include Asuncion Lavrin, Ellen Dubois, and Judith P. Zinsser, writing with Bonnie S. Anderson. Incorporating essays from top scholars ranging over an abundance of regions, dates, and methodologies, the three volumes of *Women's History in Global Perspective* constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship. Bonnie G. Smith is the Board of Governors Professor of History and director of the Institute for Research on Women at Rutgers University. She is the author of *Confessions of a Concierge*, *Madame Lucie's History of Twentieth Century France*, and many other books.

U.S. Women's History, Leslie Brown, Jacqueline Castledine, Anne Valk, 2017-01-25. In the 1970s, feminist slogans proclaimed sisterhood is powerful, and women's historians searched through the historical archives to recover stories of solidarity and sisterhood. However, as feminist scholars have started taking a more intersectional approach, acknowledging that no woman is simply defined by her gender and that affiliations like race, class, and sexual identity are often equally powerful, women's historians have begun to offer more varied and nuanced narratives. The ten original essays in *U.S. Women's History* represent a cross section of current research in the field. Including work from both emerging and established scholars, this collection employs innovative approaches to study both the causes that have united American women and the conflicts that have divided them. Some essays uncover little known aspects of women's history, while others offer a fresh take on familiar events and figures from Rosa Parks to Take Back the Night marches. Spanning the antebellum era to the present day, these essays vividly convey the long histories and ongoing relevance of topics ranging from women's immigration to incarceration, from acts of cross dressing to the activism of feminist mothers. This volume thus not only untangles the threads of the sisterhood mythos, it weaves them into a multi-textured and multi-hued tapestry that reflects the breadth and diversity of U.S. women's history.
