**Russian Cases: Conjugate Russian Nouns, Pronouns and Adjectives like a Pro** Darya Gunay, 2023-09-27 Cases are the backbone of the Russian sentence structure. However, for many Russian language learners, cases remain a stumbling stone. This is because nouns, pronouns and adjectives conjugate in Russian and change their endings, which makes these words look different within a text. The good news is you can actually learn the conjugation rules and understand the context for using each case. Everything else you learn in Russian will group around cases just like the walls of a house are built on its foundation. This e-book will help you understand the Russian case system. What is included: Each
