Ebook Gothic Fantasy:

In the Circles of Fear and Desire William Patrick Day, 1985-01-01 **Swedish Gothic** Yvonne Leffler, 2022-11-01 The book explores the Gothic tradition in Swedish literature. It aims to give an overview of the development of Swedish Gothic from the Romantic age until today and to highlight the characteristic features of the Swedish tradition of Gothic in relation to transnational developments in particular in relation to the Anglo American tradition. By using a contextualising comparative perspective it highlights the most prevalent and prominent feature of Swedish Gothic: the significance of the Nordic landscape, the wilderness and local folklore. In Swedish fiction the terror is not pointing to the medieval period but is located in pre-Christian pagan times. Especially in today's Gothic narratives the presence of mythical creatures and nature beings such as trolls, tomtes or vittras enhances the Gothic atmosphere. Other domestic trends are Gothic crime stories where supernatural creatures and powers constantly obstruct the modern crime investigation and the use of gendered and female monsters.

Belladonna Adalyn Grace, 2022-08-30 A deliciously deadly Gothic romance. STEPHANIE GARBER *Secrets* curses, mystery, romance and Death. JENNIFER ARMENTROUT *Decadently atmospheric*. KERRI MANISCALCO *The New York Times bestselling gothic fantasy romance set in a world of wealth, desire and betrayal. Your name is no curse.* Little Bird I just like the taste of it. Orphaned as a child, Signa Farrow has been raised by a string of guardians, each more interested in her wealth than her well-being, and each has met an untimely end. Her only remaining relatives are the elusive Hawthornes, an eccentric family living at Thorn Grove, an estate both glittering and gloomy. When a restless spirit appears, claiming she was poisoned, Signa realizes the Hawthornes could be in grave danger and enlists the help of a surly stable boy to hunt down the killer. But Signa's best chance of uncovering the murderer is an alliance with Death himself. And as the mystery unfurls, Signa realizes their growing connection may be more irresistible than she dared imagine.

READERS LOVE ADALYN GRACE One of my new favourites. I absolutely loved everything about this book. I LOVED this. If you like gothic romance then this is for you. Could not stop reading. Just when I thought I had it figured out how grateful to find I was wrong. A great read. My fave read of the year so far. I can't wait to read the second one. This entire book was magic. I haven't gotten gripped so wholly by a book in such a long time. I tried to take my time and savour every second but I couldn't slow down. I needed to know what was going to happen.

EcoGothic gardens in the long nineteenth century Sue Edney, 2020-11-24 *EcoGothic gardens in the long nineteenth century* provides fresh approaches to contemporary ecocritical and environmental debates, providing new compelling insights into material relationships between vegetal and human beings. Through twelve exciting essays, the collection demonstrates how unseen but vital relationships among plants and their life systems can reflect and inform human behaviours and actions. In these entertaining essays, human and vegetal agency is interpreted through ecocritical and ecoGothic investigation of uncanny manifestations in gardens, hauntings, psychic encounters, monstrous hybrids, fairies and ghosts, with plants, greenhouses, granges, mansions, lakes, lawns, flowerbeds and trees as agents and sites of uncanny.

developments The collection represents the forefront of ecoGothic critical debate and will be welcomed by specialists in environmental humanities at every level as a timely innovative inclusion in ecoGothic studies **The William P. McGivern**
