## Chasing Warblers:

Chasing Warblers ,2013-08-28 Known to many as the butterflies of the bird world wood warblers allure even the most experienced and discriminating birders Their annual migrations to and from nesting areas in the United States and Canada draw thousands of birders to places such as High Island Texas Crane Creek Ohio and Point Pelee Ontario where warblers stop to rest and feed during the long journey There birders have a chance to see and photograph these colorful elusive songbirds whose quick darting flight among high branches and thick cover makes them some of the most challenging birds to observe and identify In this entertaining beautifully illustrated book Bob Thornton recounts his and Vera Thornton s cross continent adventures in finding and photographing all 52 species of wood warblers that nest in the United States In addition to describing where and how they photographed each species Thornton tells marvelous stories of the colorful characters they encountered along the way He also touches on the current human threats to wood warblers that come from loss of habitat
