Talking to the Other Side Todd Jay Leonard, 2005. Since its birth in 1848, Spiritualism as a religion, science, and philosophy has experienced great highs and lows. At the center of this purely American-made modern religious movement are mediums, the people who are able to communicate in some way with spirit entities that are no longer on the earth plane. Based on three years of on-site investigation and a plethora of data and research collected on the modern Spiritualist movement in America, *Talking to the Other Side* focuses upon the ethno-religious aspects of the religion, mediumship, and the mediums themselves. The first four chapters offer an expansive review of the history of religion in America, mediumship, and the Spiritualist movement. Chapters 5-7 comprise the research and data that were compiled and analyzed based on fieldwork analysis, a comprehensive questionnaire, personal interviews, and published literature on the topic of Spiritualism and mediumship. According to Spiritualist mediums, people don't die; bodies do. *Talking to the Other Side* offers a contemporary look into the lives and backgrounds of the mediums who bridge this world and the Spirit world, connecting those who have passed over with those they left behind.

Songs and Gifts at the Frontier José Semblante Buenconsejo, 2002. First Published in 2003. Routledge is an imprint of Taylor & Francis, an informal company.

Talking to Heaven James Van Praagh, 1999-03-01. James Van Praagh is a spiritual medium, someone who is able to bridge the physical and spiritual worlds. Though unaware of his gifts until his twenties, he slowly came to terms with his unique abilities. *Talking to Heaven* explores his most revealing sessions with grieving people seeking to contact the spirits of loved ones. From a devastated mother receiving a message of hope from her deceased little girl to communicating with a young man killed in Vietnam who doesn't realize he's dead, Van Praagh affirms his belief in the existence of a peaceful afterlife. *Talking to Heaven* also offers those who are grieving methods to recognize and positively deal with the pain of grief in a healthy, honest manner. Part spiritual memoir, part case study, part instrumental guide, *Talking to Heaven* will change the way you perceive death and life.
