## Catch 22 Read Online:

[CriticalThinking.Com](#) Myron Tuman, 2002-08-21 Critical Thinking.com is bound to raise a few hackles. It takes on two major thought clichés of today's world first that critical thinking is the ultimate form of thinking and that we know what it is when we encounter it and second that the Internet promises us a brave new world of virtual literacy that will not only replace traditional literacy but improve it. Partly philosophical, partly practical, partly pedagogical, Critical Thinking.com is mostly a refreshing look at the interaction of knowledge production and technology. It is smart, more than a little daring, and probably will make you think a little differently about some of the things you thought you knew. Gerald Early, Merle Kling, Professor of Modern Letters, Washington University. Critical thinking has been oversold as a cure for ignorance and apathy. Myron Tuman exposes the shallowness of the conventional recipes and provides a good thing instead: a book of incisive distinctions, captivating material and provocative reflections. It is bound to leave the reader a more thoughtful person. Albert Borgmann, Department of Philosophy, The University of Montana.
