## **Conflict Connection The Jewish Christian Israel Triangle:**

**Conflict & Connection** Moshe Aumann, 2003 Discusses a number of Church documents issued by both the Catholic and Protestant Churches concluding that there has been a real repentance based post Holocaust revision of Christian theology which now rejects anti Judaism Stresses that in order for these changes to reach the rank and file further educational efforts are needed also notes the need for Jewish partners in dialogue to wipe out vestiges of Christian antisemitism Aumann from 1987 90 a minister counselor for relations with Christian churches at the Israeli Embassy in Washington notes the gradual recognition by Churches of the Jewish state but expresses disappointment that some institutions like the World Council of Churches sympathize with the Palestinians this is interpreted as anti Zionist support for terror Some of the documents appear in the appendixes pp 189 274 *Evangelicals and Israel* Stephen Spector, 2009 Most observers explain evangelical Christians bedrock support for Israel as stemming from the apocalyptic belief that the Jews must return to the Holy Land as a precondition for the second coming of Christ But the real reasons argues Stephen Spector are far more complicated In *Evangelicals and Israel* Spector delves deeply into the Christian Zionist movement mining information from original interviews web sites publications news reports survey research worship services and interfaith conferences to provide a surprising look at the sources of evangelical support for Israel Israel is God s prophetic clock for many evangelicals irrefutable proof that prophecy is true and coming to pass in our lifetime But Spector goes beyond end times theology to find a complex set of motivations behind Israel evangelical relations These include the promise of God s blessing for those who bless the Jews gratitude to Jews for establishing the foundations of Christianity remorse for the Church s past anti Semitism fear that God will judge the nations based on how they treated the Jewish people and reliance on Israel as the West s firewall against Islamist terrorism Spector explores many Christian Zionists hostility toward Islam but also uncovers an unexpected pragmatism and flexibility concerning Israel s possession of the entire Holy Land For evangelicals politics frequently mixes with faith Yet Spector argues that evangelical beliefs though often portrayed as unifying and rigid are in reality various and even contradictory Spector uses George W Bush s beliefs about the Bible as a sounding board for these issues and explores the evangelical influence on his Middle East policies *Evangelicals and Israel* corrects much of the speculation about Bush s personal faith and about evangelicalism s impact on American Middle East relations and provides the fullest and most nuanced account to date of the motives and theology behind Christian Zionism *Israel and the United States* Robert Freedman, 2018-04-19 This unique volume intensively studies the nature and extent of US Israeli relations from 1948 through the Bush and Obama administrations Leading experts in the field including Israeli and North American scholars from a variety of political perspectives contribute original essays on the principal political religious ethnic military economic and juridical connections between the United States and Israel Specific topics covered in this new book include the pro Israel lobby in the United States the US Jewish community and its relations to Israel evangelical Christians and Israel military and

economic ties between the United States and Israel the threat of a nuclear Iran for both countries and the impact of American jurisprudence on Israel Section introductions from the editor effectively contextualize the issues and provide students with an in depth understanding of the past present and future of the US Israel relationship *Israel, the Church, and Millenarianism* Steven D. Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement the early Church's promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ

**Anti-Zionism in the "electronic Church" of Palestinian Christianity** Gershon Nerel, 2006 **Israel on Israel** Michel Korinman, John Laughland, 2008 Based on a volume of *Outre Terre* the leading journal of geopolitics this book is a collection of articles by top decision makers and opinion formers reflecting all points of view within Israel It includes exclusive articles by Ariel Sharon and Shimon Peres as well as an array of articles from all points of view within Israel Many of the articles are illustrated with maps as is essential for any journal of geopolitics especially when dealing with such important territorial issues as in Israel The Jerusalem Review, 2006 Trouble in the Triangle Ian Fry, 2000 *Encyclopedia of Religion*, 2005 **Index to Jewish Periodicals**, 2004 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *American Book Publishing Record*, 2003 Religion Index Two, 1993 The Publishers Weekly, 2004 **The Middle East, Abstracts and Index**, 2002 *Israel's watchman (and prophetic expositor) [afterw.] The prophetic news and Israel's watchman, ed. by A. understanding of the issues covered in the chapter      *Northern California Jewish Bulletin* ,1987-07      *From Chinese Exclusion to Guantánamo Bay* Natsu Taylor Saito,2007 Expansion of executive power has ignited national debate Is the administration authorized to detain people without charges or access to counsel due process or a fair trial In this study of the use of plenary power the doctrine under which U S courts have allowed the exercise of U S jurisdiction without concomitant constitutional protection attorney and law professor Natsu Taylor Saito puts contemporary policies in historical perspective illustrating how such extensions of power have been upheld by courts since the 1880s Saito provides context for understanding problems resulting from the exercise of plenary power She explains how the rights of individuals and groups deemed Other by virtue of race or national origin have been violated under both the Constitution and international law The differing treatment of Jos Padilla and John Walker Lindh both Americans accused of terrorism provide examples of such disparate treatment Such executive actions and their sanction by Congress and the judiciary Saito argues undermine not just individual rights but the foundation of our national security democracy and the rule of law This book will interest readers concerned with the history of constitutional protection and provides fascinating material for scholars teachers and students of law history and ethnic studies
