Sally (Jr.), 2011 This geometry book is written foremost for future and current middle school teachers but is also designed for elementary and high school teachers The book consists of ten seminars covering in a rigorous way the fundamental topics in school geometry including all of the significant topics in high school geometry The seminars are crafted to clarify and enhance understanding of the subject Concepts in plane and solid geometry are carefully explained and activities that teachers can use in their classrooms are emphasised The book draws on the pictorial nature of geometry since that is what attracts students at every level to the subject The book should give teachers a firm foundation on which to base their instruction in the elementary and middle grades In addition it should help teachers give their students a solid basis for the geometry that they will study in high school The book is also intended to be a source for problems in geometry for enrichment programmes such as Math Circles and Young Scholars

Paul's Covert Use of Scripture David McAuley, 2015-10-09 This book explores why and how Paul uses Scripture Old Testament in Phil 2 10 16 It tests the suggestion that a cluster of tacit references to specific books of Scripture is integral or foundational to Paul s epistolary argument If the problem in Philippi is the disinclination to accept suffering and death as intrinsic to gospel citizenship then the muted allusions lead to a single central theme God s approval of suffering and death for the sake of Christ McAuley argues this theme is the crucial intertext that unifies and gives significance to the whole letter Previous scholarly efforts to discover congruence between the contexts of Philippians and the Old Testament have rested on a heuristic approach focused on surface level themes and facticities recorded in Paul s text leading to mixed results In this investigation McAuley sets forth a new theoretical and exegetical framework that draws on insights from theories of intertextuality allusion and rhetorical situation to offer a fresh interpretation of Philippians
