Conquering Your Inner Critic Elizabeth Williams, 2022-08-20 Your inner critic is holding you back from leaping forward and it s time we loosen its grip on you It s time you silence it We all have an inner voice You know what I mean It s that voice within us all and boy does it like to talk Now if you could take that voice and imagine it s the voice of a separate person who follows you around and talks to you all day what would it say If you re like most folks it would deliver a motley mouthful That voice sizes up the present anticipates the future and examines the past It evaluates other people and the surrounding circumstances But it also has a flair for zooming inward making oneself the focus And when it does what approach does it take It might be celebratory offering a well deserved pat on the back or it could be soothing encouraging forgiving understanding or inspiring But it can also be fault finding disapproving and hurtful even mercilessly so What can be especially tough to resist about the self critic is that it can masquerade as reality A self attacking thought that really seems to be a painful reflection of the truth is far more persuasive than a thought that clearly doesn t map onto the way things are at all So what do we do when the critical voice comes to visit What do we do when it s what we re used to and it just happens automatically What do we do when we don t know how to be with ourselves and how we re feeling in a kind and compassionate way What do we do when we have no concept of what it even means to experience self love or ease in our bodies In this book CONQUERING YOUR INNER CRITIC we re going to take a look at that self critical voice to

try to shed some light on what forms it takes what function it serves the consequences it can have how to silence it whether there are alternative ways to talk to ourselves and most importantly how the inner critic can become an ally in achieving great success Remember you in all your awesome glory are not limited needy scared and small You are vast and spacious infinitely creative and endlessly at peace
