

The background of the cover is a vibrant blue sky with wispy white clouds. A bright, diagonal beam of light, resembling a sunburst or a comet's tail, cuts across the middle of the image. In the upper right, a small, reddish-brown planet or moon is visible against the starry space background.

A CULTURE NOVEL

Consider Phlebas

Iain Banks

Consider Phlebas:

Consider Phlebas Iain M. Banks, 2008-09-04 Consider Phlebas is a space opera of stunning power and awesome imagination from a modern master of science fiction The war raged across the galaxy Billions had died billions more were doomed Moons planets the very stars themselves faced destruction cold blooded brutal and worse random The Idirans fought for their Faith the Culture for its moral right to exist Principles were at stake There could be no surrender Within the cosmic conflict an individual crusade Deep within a fabled labyrinth on a barren world a Planet of the Dead proscribed to mortals lay a fugitive Mind Both the Culture and the Idirans sought it It was the fate of Horza the Changer and his motley crew of unpredictable mercenaries human and machine to actually find it and with it their own destruction Praise for the Culture series Epic in scope ambitious in its ideas and absorbing in its execution Independent on Sunday Banks has created one of the most enduring and endearing visions of the future Guardian Jam packed with extraordinary invention Scotsman Compulsive reading Sunday Telegraph The Culture series Consider Phlebas The Player of Games Use of Weapons The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata Other books by Iain M Banks Against a Dark Background Feersum Endjinn The Algebraist **Consider Phlebas** Iain Banks, 1987-01-01 The Culture of "The Culture" Joseph S. Norman, 2021-01-05 In a career that spanned over thirty years Iain M Banks became one of the best loved and most prolific writers in Britain with his space opera series concerned with the pan galactic utopian civilisation known as the Culture widely regarded as his most significant contribution to science fiction The Culture of The Culture focuses solely on this series providing a comprehensive thematic analysis of Banks s Culture stories from Consider Phlebas to The Hydrogen Sonata It explores the development of Banks s political philosophical and literary thought arguing that the Culture offers both an image of a harmonious civilisation modelled on an alternative socialist form of globalisation and a critique of our neo liberal present As Joseph Norman explains the Culture is the result of an ongoing utopian process attempting through the application of technoscience to move beyond obstacles to progress such as imperialism capitalism the human condition religious dogma patriarchy and crises in artistic representation The Culture of The Culture defines Banks s creation as culture a utopian way of doing of being of seeing an approach an attitude and a lifestyle that has enabled and is evolving alongside utopia rather than an image of a static end state *Essential Shakespeare* Ted Hughes, 2006-03-14 From the introduction by Joyce Carol Oates Between them our great visionary poets of the American nineteenth century Emily Dickinson and Walt Whitman have come to represent the extreme idiosyncratic poles of the American psyche Dickinson never shied away from the great subjects of human suffering loss death even madness but her perspective was intensely private like Rainer Maria Rilke and Gerard Manley Hopkins she is the great poet of inwardness of the indefinable region of the soul in which we are in a sense all alone The Transgressive Iain Banks Martyn Colebrook, Katharine Cox, 2013-08-01 This collection of 12 new essays brings together prominent literary experts to explore the importance of Scottish writer Iain M

Banks both his mainstream and science fiction work It considers Banks as a habitual border crosser who makes things fresh and new by subversive and transgressive strategies The essays are divided into four thematic areas the Scottish context the geographies of his writing the impact of genre and a combined focus on gender games and play and will be of particular interest to scholars of contemporary literature Scottish literature and science fiction **Future Wars** David

Seed,2012-01-01 This timely book investigates fiction that speculates about wars likely to break out in the near or distant future Ranging widely across periods and conflicts real and imagined Future Wars explores the interplay between politics literature science fiction and war in a range of classic texts Individual essays look at Reagan s infamous Star Wars project nuclear fiction Martian invasion and the Pax Americana The use of future war scenarios in military planning dates back to the nineteenth century and Future Wars concludes with a US Army officer s assessment of the continuing usefulness of future wars fiction *Common Sense Metaphysics* Luis Oliveira, Kevin Corcoran,2020-12-28 This book celebrates the research

career of Lynne Rudder Baker by presenting sixteen new and critical essays from admiring students colleagues interlocutors and friends Baker was a trenchant critic of physicalist conceptions of the universe She was a staunch defender of a kind of practical realism what she sometimes called a metaphysics of everyday life It was this general common sense philosophical outlook that underwrote her famous constitution view of reality Whereas most of her contemporaries were in general given to metaphysical reductionism and eliminativism Baker was unapologetic and philosophically deft in her defense of ontological pluralism The essays in this book engage with all aspects of her unique and influential work practical realism about the mind the constitution view of human persons the first person perspective and God Christianity and naturalism *Common Sense Metaphysics* will be of interest to scholars of Baker s work as well as scholars and advanced students engaged in research on various topics in metaphysics philosophy of mind philosophy of language and philosophy of religion **Consider Phlebas**
