Corridors Stephen Hayes:

Parisian Tails Stephen Hayes, 2016-09-30 Meet Paris the spunky seeing eye dog This yellow Labrador had style intelligence and such a mischievous nature that she could simply ignore you if you tried to interrupt what she was doing With a playful demeanour soft coat and paintbrush tail Paris was just Paris a larger than life character who gave unconditional love to everyone in the family and beyond In the nine years that she lived with Stephen Hayes she laid her paws on the hearts of many She also laid her head on the laps of many especially around the dinner table in the hope that they might drop a piece of food into her mouth This is her story and the memories of those whom she left behind WA-2-WA-28 Corridor Improvement, East Wenatchee Vicinity ,1985 Corridors Stephen Hayes, 2015-11-30 The fourth instalment in the epic Magic Crystals series following the events of Hunt and Power A great war has enveloped the world sweeping all before it and sending John and his friends now wanted criminals scurrying for cover While those who can must take the frontline to protect as many innocent lives as possible the Hammerson family and their army of loyal Hammerhearts swiftly take control of two thirds of the world using magic to impact the minds of those previously in power to make them cave John must struggle on two fronts as his social and romantic lives become ever more complicated and he must be mindful of his safety every time he leaves the shelter of the Woodward Sorcerers headquarters Several of his friends would learn this lesson at enormous cost The only chance our heroes have of survival is in the shape of a jittery old man who may have all the answers but in order to find out the Chopville teens must undergo a journey of discovery and understanding first **"And they thought we wouldn't fight"** Floyd Phillips Gibbons, 2021-04-25 Floyd Phillips Gibbons *And They Thought We Wouldn't Fight* presents a compelling narrative that intertwines personal testimony with broader themes of patriotism and the human experience during World War I Written in an accessible yet poignant literary style the book offers a candid exploration of the struggles faced by soldiers capturing the grit and determination of those who fought against the pervasive notion of American apathy in the face of global conflict Gibbons utilizes vivid descriptions and powerful imagery to convey the emotional weight of war situating his work within the rich literary context of wartime journalism and memoir thus offering readers a unique perspective that blends documentary realism with narrative flair Gibbons a prominent war correspondent was deeply affected by his experiences covering the Great War His firsthand encounters with soldiers and the realities of the battlefield motivated him to challenge the prevailing notion that Americans were reluctant to engage in foreign wars This book serves as both a tribute to the bravery of soldiers and a critique of the misconceptions surrounding their willingness to fight contextualized by Gibbons own journey from observer to participant This powerful account is highly recommended for readers seeking to understand the nuances of American sentiment during World War I as well as fans of military history and personal narratives Gibbons eloquent prose invites readers to engage with the complexities of courage and sacrifice making it an essential read for anyone interested in the human stories behind the history *The City in Flames* Michael
