## **Corruption Party And Government In:**

*Prime Ministers and Party Governments in Central and Eastern Europe* Florian Grotz, Marko Kukec, 2023-09-19 This book focuses on Prime Ministers PMs in the post communist democracies of Central and Eastern Europe CEE It shows how the survival of PMs in chief executive office depends on their interrelations with other actors in three different arenas The first arena encompasses the linkages between PMs and their parties In this respect being a party leader is a major power resource for PMs to retain office even under critical circumstances At the heart of the second arena is the PMs relationship to other parliamentary parties In this regard the high fragmentation and fluidity of many post communist party systems pose enormous challenges for PMs to secure constant parliamentary support In the third arena PMs are confronted with state presidents Given their relatively strong powers in most CEE countries presidents may use their constitutional powers to interfere in the political domain of PMs and thus jeopardise the stability of party governments The book offers new evidence on these relationships from case studies and a broader comparative perspective This volume will be of great use to students and researchers interested in comparative politics and government European studies as well as political leadership The chapters in this book were originally published as a special issue of East European Politics and are accompanied by a revised introduction and a new conclusion

**Parties, Governments and Elites** Philipp Harfst, Ina Kubbe, Thomas Poguntke, 2017-04-26 Parties governments and elites are at the core of the study of democracy The traditional view is that parties as collective actors play a paramount role in the democratic process However this classical perspective has been challenged by political actors observers of modern democracy as well as political scientists Modern political parties assume different roles contemporary leaders can more heavily influence politics governments face new constraints and new collective bodies continue to form propose new ways of participation and policy making and attract citizens and activists In the light of these observations the comparative study of democracy faces a number of important and still largely unsolved questions that the present volume will address

**The Nature of Party Government** Jean Blondel, 2000-11-08 The Nature of Party Government examines relationships between governments and supporting parties on a comparative European basis The book does so at the level of principles there is a major conflict between governments which should govern and parties which being representative wish to shape the way governments operate The book studies relationships empirically as well it shows that they occur on three planes appointments policy making and patronage and assesses the extent of two way influence from parties to governments and from governments to parties

**State and Municipal Government in the United States** Everett Kimball, 1922

**An Appeal to the Canadian Institute on the Rectification of Parliament** Sandford Fleming, 1892

**Deconstructing Corruption in Africa** Ina Kubbe, Emmanuel Saffa Abdulai, Michael

Johnston, 2024-09-25 This book investigates corruption and anti corruption efforts in Africa emphasising the regional and thematic differences across the continent whilst also exploring key patterns and trends Combatting the ethnocentrism of

Western corruption research this book highlights the importance of a home generated and contextualised approach to understanding corruption in Africa Bringing together a rich array of qualitative quantitative and mixed methods research the book considers how corruption manifests in a range of selected countries across the political economic and social spheres The book adopts a strong comparative approach exploring patterns dynamics and mechanisms in African societies It assesses the historical underpinnings of corruption emerging trends and socio economic realities before suggesting realistic contemporary solutions to the challenges of corruption in Africa Bringing together academics and practitioners readers will encounter intellectual discussion face to face with realities on the ground As such the book will be useful for scholars politicians public officials and civil society organizations as well as for students and researchers across the fields of political science public administration economy and corruption studies

**Chineseness And Modernity In A Changing China: Essays In Honour Of Professor Wang Gungwu** Yongnian Zheng,Litao Zhao,2020-02-13 This book is a collection of essays in honour of Professor Wang Gungwu Professor Wang is not only a great historian on Chinese history in general and the Chinese overseas in particular but has much wider influence through remarkable domain crossing namely spatial crossing characterised by geographical straddling between inside and outside of China temporal crossing from the ancient past to the contemporary inter disciplinary crossing from history to the social sciences and intellectual crossing from the academia to public activism He has been a long lasting source of inspiration for understanding some of the most pressing and complex issues in our times including the nature of China s rise and its implications for the regional and world order In a nutshell this book presents Wang as a highly active educator scholar who has achieved the highest academic standard as well as far reaching influence over issues that concern all walks of life By focusing on the theme of Chineseness and China s modernity this book adds depth to the analysis of China s rise and its implications for the region and the world It contains a chapter providing the most comprehensive and updated review of Wang s scholarship thus far Another chapter demonstrates how Wang based on his deep understanding of Chinese civilisation and history articulates a distinct view of the world order that differs from either the thesis of Thucydides s trap or the advocacy of mutual accommodation Interestingly this book also includes a chapter that highlights Wang s Southeast Asian ness suggesting that Wang s scholarship cautions against not only western centric views towards China but also Sino centric views towards Southeast Asia In short this edited volume is both a reference book for understanding Wang s scholarship and an extension of his scholarship to the analysis of China s growing international influence and its implications for the world order

*The Arena* ,1904 *Political Parties and the State in Post-Communist Europe* Petr Kopecky,2007-10-11 Previously published as a special issue of The Journal of Communist Studies and Transition Politics this volume analyzes the party state linkages in post communist Europe alongside three analytical dimensions
