Wide-Open Muscle Randy Leffingwell, 2016-05-17 Climb inside these stunning muscle car drop tops straight from the classic era of American high performance cars. Today's rarest, priciest and most highly sought after muscle cars are also the least practical. These are the striking convertibles of the 1960s and 1970s that were optioned out for drag racing. Wide Open Muscle showcases these rare cars and proves that sometimes it pays to throw practicality out the window in order to make something purely cool and fun to drive. At the peak of drag racing popularity it was common knowledge that racers needed the lightest, most rigid framed cars available. Convertibles represent the exact opposite of that description so it's amazing that these drop tops ever emerged amid the circle of full throttle dragsters. While typical convertible drivers cruised around listening to the latest Lovin' Spoonful release in the eight track tape deck these muscle car convertibles were equipped for rock n roll speed. These topless muscle cars are so rare because few people had the dedication or money to buy a vehicle this impractical. They're valuable because they represent the absolute extreme of the entire muscle car genre. All the cars in Wide Open Muscle are shot in similar fashion studio style with a black background using a process known as light painting. It is the ultimate portrayal of the ultimate muscle cars. **Warman's Bottles Field Guide** Michael Polak, 2010-07-21 The take it with you collecting resource Warman's Bottles Field Guide 3rd Edition. The legacy of the Corvette is matched only by its beauty, captured here like never before. Art of the Corvette profiles two dozen Corvettes from all seven generations, beginning with the first 1953 Blue Flame Six Corvette and concluding with the return of an icon, the stunning 2014 Corvette Stingray. Using a unique style of portraiture known as light painting, acclaimed photographers Randy Leffingwell and Tom Loeser present the most recognizable, unique and historic Corvettes ever produced. From the chrome-lined grilles of the 1953 Roadster and sexy curves of the first C3s to the aggressive snarl of the 2012 ZR1 and the bold, blunt powerhouse of the 2014 Corvette Stingray, all are presented in breathtaking color and detail.
