## **Cosmic Christianity Cosmic Christianity:**

Cosmic Christianity Tim Cleary, 2019-04-04 We are living in a very interesting and unique time in human history The pace of change of technology and of our society as a whole is dizzying perhaps even disorienting With the rise of artificial intelligence and the decoding of the human genome we stand at the threshold of paradigm shifting discoveries and innovation that may redefine what it means to be human This is an era defined by tension and infighting between the spheres of science and religion Indeed this has been a dominant trend since the nineteenth century For many modern rational thinkers the wisdom of our religious traditions has become outmoded and ought be relegated to the dustbins of history Despite this the human heart continues to long for the profound the meaningful and the sacred things our spiritual heritage has typically provided Cosmic Christianity aims to salvage what is most valuable about these sacred traditions while simultaneously integrating them with more modern trends that center on technological advances and artificial intelligence Moreover it will create a novel synthesis between the values of humanism and mysticism Apart from this Cosmic Christianity aims to integrate the wisdom of every imaginable spiritual tradition From traditional Eastern and Western religions to esoteric new age astrology and spiritualism an all embracing framework is created that comfortably houses all perspectives Finally it sets forth a proposal for the origin of God and the universe You will be inspired and made to ponder by Cosmic Christianity

**The Coming of the Cosmic Christ** Matthew Fox, 1988-11-23 A comprehensive description of the transformation of Christianity by the bestselling theologian who has defined this spiritual renaissance

**Cosmis Christianity** Leon Hyneman Barnett, 1935 **The Radiance of Being** Stratford Caldecott, 2013 Cosmic Christianity Willi Sucher, 1993 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John s gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world To purchase other books by Willi Sucher please visit the Astrosophy Research Center where you will find some of his most important works on star wisdom Included are Isis Sophia I Introducing Astrosophy Isis Sophia II Outline of a New Star Wisdom Isis Sophia III Our

Alexis Georg Hoen, 2015-02-20 Born in the Ukraine educated in Munich and having practiced medicine in the United States  
author Alexis Georg Hoen has been exposed to widely differing political systems and religious beliefs and he has always  
maintained an interest as to the origin of these beliefs and their relation to the innermost nature of man In Christianity and  
Cosmic Consciousness he interprets the words and the sacrifice of Jesus as pointing the way toward a realization of our  
innermost nature the will to live and love that exists within all Sharing his experiences and ideas about Christs words and  
sacrifices Hoen uses personal anecdotes and biblical examples to illustrate the nature of Christian belief He provides a host  
of examples including key illustrations from the Bible and relevant source material from other writers who address this topic  
He shows us that through sacrifice we live in and for others That is eternal life Christianity and Cosmic Consciousness  
represents the core of Christian teaching without resorting to the supernatural and miraculous yet doesnt try to disprove it

*Cosmic Christology in Paul and the Pauline School* Geurt Hendrik van Kooten, 2003 How did the understanding of Jesus  
as the universal Son of Man of Apocalyptic Judaism develop into the notion of a cosmic god the cosmic Christ George van  
Kooten traces the earliest encounters between antiquity and Christianity      *Cosmic Christianity and the Impulse of Michael*  
Rudolf Steiner, 2016-03-21 At the end of his life Rudolf Steiner took up the task that was his special destiny to bring to the  
West a knowledge of reincarnation and karma To do this he gave over eighty lectures in 1924 in which he explicitly and  
concretely revealed the destinies of various individuals from one life to the next in order to show how the general laws of  
karma operate in individual cases He also revealed many details of the karmic streams of the members of the  
Anthroposophical Society These volumes constitute an immeasurable contribution to the understanding of reincarnation and  
karma and the tasks of the Anthroposophical Society in connection with the Archangel Michael First printed in English in  
1953 with the title *Cosmic Christianity and the Impulse of Michael Karma in the Life of Individuals and the Evolution of the*  
*World* Six lectures given at Torquay and London England between 12th and 27th August 1924      *In Search of the Primordial*  
*Tradition & the Cosmic Christ* John Rossner, 1989      **Cosmic Initiative** Jack R. Taylor, 2017-01-17 Jesus never said Seek  
first about any pursuit or purpose except the kingdom of God But the church has essentially abandoned this central message  
so that kingdom realities have become lost to us Our neglect has been costly because Gods kingdom on earth His cosmic  
initiative has the authority and power to revolutionize our culture This transformation occurs first within us and then around  
us igniting the world with forgiveness healings miracles righteousness and peace The reason most people today do not seek  
the kingdom is that they have not seen it Once they truly see it they seek and follow the remarkable vision they have  
glimpsed This is because discovering the kingdom is not just information but an adventure in revelation and transformation  
Well known speaker and kingdom seeker Jack Taylor invites us to be reintroduced to the kingdom of God and to experience

the recovery of the kingdom gospel leading to kingdom power kingdom love and the greatest kingdom harvest the world has ever seen

**The Cosmic Vision of Teilhard de Chardin** Haught, John F. , 2021-12-15 Brings the thought and theology of Teilhard de Chardin into conversation with other significant religious thinkers philosophers and scientists

Who Do You Say I Am? Kevin Treston, 2016-09-30 Christianity in the West is facing serious challenges to communicate its message of the Good News and its way of life The many threats to the vitality of the churches emanate from a whole series of sources such as the culture of scientific materialism alienation from institutions and the rigidity of churches to engage in serious renewal that both incorporates the spiritual heritage of the past and is open to new horizons of how the Christian story is told and celebrated Kevin Treston considers how the Traditional Christian Story needs to be complemented by a new story the Cosmic Christian Story that situates God's revelation in Jesus as the Christ within the great story of the universe In recent decades there has been a massive shift in global consciousness and scientific advances Unless the Christ story is embedded within this consciousness the Jesus story will tend to be marginalised in a world shaped by the new sciences of quantum physics evolution cosmology and morphic energy field theories For the church there is no time to delay lest the Good News becomes remote from the cultural mainstream of a new unitive consciousness The author poses key questions for our consideration What is the driving impulse for the advent of Jesus Is the core impulse the restoration of God's relationship with humanity after the primal sin or is the impulse for God's revelation in Jesus an act of love within the evolutionary story of the universe How can these faith perspectives be integrated into a vital Christian story The Cosmic Christian Story is presented as a relevant story for our age and time The book is for general readers with reflection questions throughout as guides to small group discussions Kevin Treston has worked in ministry for over sixty years across Australia and in many countries He has graduated BA Hons MA Hons MEd PhD University of Notre Dame and pursued post doctoral studies in Washington Chicago and Boston He has been a Visiting Scholar at Boston College He is a member of the Association of Practical Theology Oceania and was awarded an Order of Australia Medal OAM for services to Catholic education Kevin lives with his wife Kathryn in

Brisbane Australia      *The Cosmic Christ* Hans-Werner Schroeder, 1997 The question of the cosmic reality of Christ is central to modern Christian awareness We see lively debate about Christ's nature in relation to the earth and creation not only within the Church itself but also in more speculative areas of thinking and feeling such as creation spirituality and the New Age movement The works of Teilhard de Chardin and Fritjof Capra have stimulated many to think spiritually about the created world and the part of humankind in its evolution These issues were also illuminated by Rudolf Steiner in his Christology which placed the Incarnation at a pivotal point of earthly evolution Exploring the work of the cosmic Christ Schroeder draws upon these sources and clarifies the concepts of reality, evil and the meaning of cosmic He summarizes the cosmic dimension of Christ in the New Testament and the developing consciousness of humans in relation to the Logos and examines how we are to engage personally in a natural but deeply conscious relationship with the Christ among us Hans Werner Schroeder born in 1931 is a priest of the Christian Community He teaches at the seminary in Stuttgart and is part of the leadership of this movement for religious renewal

Cosmic Preeminence R L Coursey, 2018-06-26 Many who correctly exalt the preeminence of Christ in their theology may yet oppose His preeminence with their priorities Our priorities reveal our portion and location does not change that portion For the psalmist declared the preeminence of Christ in both heaven and earth Whom have I in heaven but Thee and there is none upon earth that I desire besides Thee Ps 73:25 Whenever there are two things that are good the believer who has his priorities aligned with the kingdom never rejects the lesser but always prefers the better And when one of these is finite and the other infinite there must be no competition in his choice Since Christ is preeminent in creation cosmic preeminence must be infinitely higher in our affections than cosmic redemption The new view on heaven is popular because it legitimizes the priorities of a consumer culture by always emphasizing the latter while merely including the former While both are equally true they are not truly equal The priority of the beatific vision is evidenced by the superiority of its object Therefore we should always emphasize the former without failing to mention the latter Once creation and redemption are paired together in our priorities the preeminence of Christ slowly becomes less important and how to gain and or enjoy creation is always the primary emphasis both in this life and the next Like Christ we must differentiate between His kingdom and all those things that are merely added unto us in this life and on the future new earth With the Kingdom clearly in view we must prioritize that mandate Great Commission through which Christ has chosen to extend His kingdom and work of redemption in the world The Creation Mandate given before the Fall like all the commands is not redemptive in nature and the church is the only society of the redeemed Our new identity in Christ without eliminating infinitely supersedes our creation identity simply because Christ infinitely supersedes all creation in worth The problem with exchanging the Great Commission with the Cultural Mandate is that the present mission of Christ to build His church becomes secondary to His work of providence in culture the power of the gospel becomes secondary to the power of our example and moral influence on society and culture and the preeminence of Christ is no longer based on His person and

work but on the success of our work among people We always proclaim what we are wrote Martyn Lloyd Jones by our priorities

*Cosmic Prayer and Guided Transformation* Robert Govaerts, 2012-08-29 This book presents a realistic and thoroughly spiritual outlook upon the entire created reality It lets us envisage that various created entities are participant in a relationship with God that becomes increasingly one of an intimate personal quality that is a relationship of love It thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity Drawing mainly upon Scripture ancient writers especially Maximus the Confessor as well as contemporary natural sciences this book encourages the reader to perceive human salvation not as a lifting of humanity out of creation but as a transformation into God's presence in the midst of the wider created order It shows that Christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being in God that is inclusive of creation It shows that Christian faith can be a resource that helps overcome the ecological crisis

*The Cosmic Center* D. Bruce Lockerbie, 1986

*Nature Reborn* H. Paul Santmire, Santmire's much acclaimed *The Travail of Nature* The Ambiguous Ecological Promise of Christian Theology documented the unfortunate legacy of many Christian theological notions in the use abuse and destruction of the natural world along with its positive aspects This new brief but penetrating look at Christian theological concepts of nature returns to the fray this time to reclaim classic mostly pre modern Christian themes and re envision them in light of the global environmental and cultural crisis This revisionist work to revise the classical Christian story in order to identify and to celebrate its ecological and cosmic promise mines Christian cosmology the Great Chain of Being Christology Creation and Eucharist so that the Christian story can be then rediscovered history reshaped theology re experienced spirituality and re enacted ritual

*The Cosmic Breath* Amos Yong, 2012-05-10 The interjection of pneumatology in both theologies of interreligious dialogue and in the theology and science conversation comes together in this volume The resulting Christianity Buddhism science dialogue opens up to new pneumatological perspectives on philosophical cosmology and anthropology in interdisciplinary and global context
