Spirituality and Childbirth Susan Crowther,Jenny Hall,2017-09-13 Highlighting aspects of birth often taken for granted ignored or left silenced this book questions the art and meaning of childbirth Addressing spirituality in and around the start of life from a variety of thought provoking perspectives it examines the apparent paradox of impersonal biomedical technocratic systems operating alongside the meaningful experiences encountered by those involved Themes covered include Notions of holism and spirituality culture religion and spirituality Childbirth significance at societal level Spiritual care in maternity care provision Birth environment mood space and place Spiritual experience of all those involved including health professionals Spiritual experience when birth is complex and challenging When birth and death are juxtaposed Although there is considerable literature on spirituality at the end of life this is the only book that draws together a global and multidisciplinary selection of academic researchers and practitioners to reflect on spirituality at the start of life Each chapter explores the relevant theoretical background and makes links to practice using case studies from research and practice The chapters conclude by discussing how spiritual care is and should be provided in this context what practice approaches are beneficial cross cultural perspectives and future directions for research It is an important read for all those interested in childbirth maternity care social science perspectives on health and illness and spirituality

The Cosmic Blueprint Sharon D. Anderson,2017-04-20 Wouldn t it be nice if we all humans came with directions If we all had an instruction manual that came in with us when we were born that we could refer to when we

had a problem or when life was in a muddle Actually we do It is our Natal Chart or our Cosmic Blueprint It contains all of the instructions and directions we need to live a full happy life Well most of the time YOUR COSMIC BLUEPRINT begins with your choices before you incarnated or were born into this lifetime You decided the exact time and place of your birth which determined your NATAL CHART You also accepted the alignment of the planets as these were the higher spiritual lessons you would be asked to work on or to complete The life experiences that you needed to complete would be determined by your Sign and the Houses where those Signs fell
